

# GERMAN CITY IS IN STATE OF SIEGE

## GOVERNMENT SEEKS TO REGULATE PRICES

### SUGAR ACTION INITIAL STEP IN LITIGATION

Administration Wants to Establish Right to Step Into Place

PRECEDENT IS FIXED

New York Exchange Will Fight Back in Effort to Save Business

Washington, April 20.—Federal action started in New York to stop gambling in sugar and bring prices down to a reasonable level was described today by administration officials as one of the most important pieces of legislation ever undertaken by the federal government.

Behind the government's blow at the sugar speculators is a more vital and far-reaching aim than the mere recovery of a few cents a pound on sugar, important as that may be. What the government is really aiming at, however, is the establishment of the principle that it has the right to step in and exercise partial regulatory power over the necessities of life whenever it considers the situation warrants. If successful in the injunction proceeding against the sugar exchanges of New York to prohibit trading in futures, the third and perhaps conclusive step in the accomplishment of this aim will have been taken according to officials.

The principle behind the government's action is based on the modern day industrial life as embracing three absolute necessities—food, fuel and transportation. Anything that interrupts public service and fair and adequate distribution of any of these three constitutes a public menace, wherein the government must act, according to officials.

In the Wilson administration, Attorney General Palmer used the injunction method against the coal operators and miners, last summer, Attorney General Daugherty used the injunction against the striking railway shopmen in the transportation crisis, and now the government has taken the third step by again bringing the injunction in to play in the sugar situation, thus completing the cycle of action affecting food, fuel and transportation.

Government officials are confident of success in the action begun at New York. They admittedly base their confidence to considerable extent upon the decision of the United States Supreme Court in holding constitutional the act regulating the trading grain futures, passed by the 67th Congress.

If the government is within its rights in regulating trading in grain futures, then it is also within its rights in regulating, if not prohibiting altogether, trading in sugar futures, according to the theory under which the government's legal experts are proceeding. In this connection, the step toward absolute elimination of the sugar exchange is the most daring ever taken by the government.

The sugar exchange, the government sets forth in its bill of complaint, "serves no useful or legitimate purpose," and thus could be abolished entirely without inconvenience to the public or to growers.

That the members of the exchange will fight back with every weapon at their command in order to save their businesses is conceded by the spokesmen for the government here. Ultimately, it is expected, the case will go to the United States Supreme Court, as was the case with the act relating the grain exchange.

Meanwhile President Harding received the tariff commission today to discuss its official finding that the present tariff law has had no effect in promoting the present high prices.

#### COUNTERFEITER SEIZED.

Toledo, April 20.—With the arrest of V. A. Winter, 49, a commercial printer, government secret service agents believe they have nipped one of the most extensive counterfeiting conspiracies ever practiced in this part of the country. Winter, according to police, has confessed to the illegal manufacture of several thousand postage stamps of the 2-cent denomination.

#### MILLERS CLOSE MEETING.

Columbus, O., April 20.—A. P. Hus, band, secretary of the National Federation of Millers, will speak at today's closing session of the Ohio Millers in convention here. Officers and directors are to be elected and the members of the association will participate in an open forum.

### WARNS U. S. BUSINESS AGAINST THE DANGERS OF OVER EXPANSION NOW

Cincinnati, O., April 20.—Dangers of over-inflation in credits and over-expansion of American business were stressed last night by Congressman Theodore E. Burton, of Cleveland, a member of the American debt funding commission in an address before the Business Men's Club.

Europe, with the possible exception of Great Britain, does not want advisors nor advisory committees from America to settle her affairs," said the former senator.

"She doesn't want fair minded judgment at this time; she wants partisans. I am compelled to say that present prospects in Europe are not encouraging to our exporters."

### POLITICAL MOVE AVERS COUNSEL OF FEDERAL SUIT

Sugar Exchange Official Declares Governments Position Illogical.

New York, April 20.—"A political gesture of no significance," was the estimate today of the New York Coffee and Sugar Exchange Inc., and the Sugar Clearing Association, of the government's suit to restrain the two organizations from further operations in sugar.

William Mason Smith, the exchange's counsel, said this morning the exchange "would be ready to defend itself" from the government's motion for an injunction when the matter comes up for hearing April 30. Defining the government's suit as a mere complaining that the exchange "quoted figures of transactions in sugar and that these figures were telegraphed to all parts of the country and thereby affected the price of sugar," Smith declared that every exchange, "coffee, grain and stock, could be closed under the same argument."

"The fact that the attorney general has begun a suit does not mean his requests will be granted," Smith said. "It remains to be seen whether the judicial department of the government will do what the executive branch desires."

Officers of the exchange would make no statement, referring questions to the attorney.

Smith merely smiled at reports that the Department of Justice at Washington was considering criminal action against members of the exchange.

### RIOT IS NARROWLY AVERTED AS WORKMEN UNEARTH WHOLE QUART

Cincinnati, O., April 20.—Objects unearthed in the tomb of Old King Tut may be interesting and valuable and all that sort of thing, but an object dug up in the heart of Cincinnati late yesterday aroused far more interest among the excavators.

Workmen digging a cellar at 3430 Burnet avenue found it. It was bottled in bond in 1892—a whole quart.

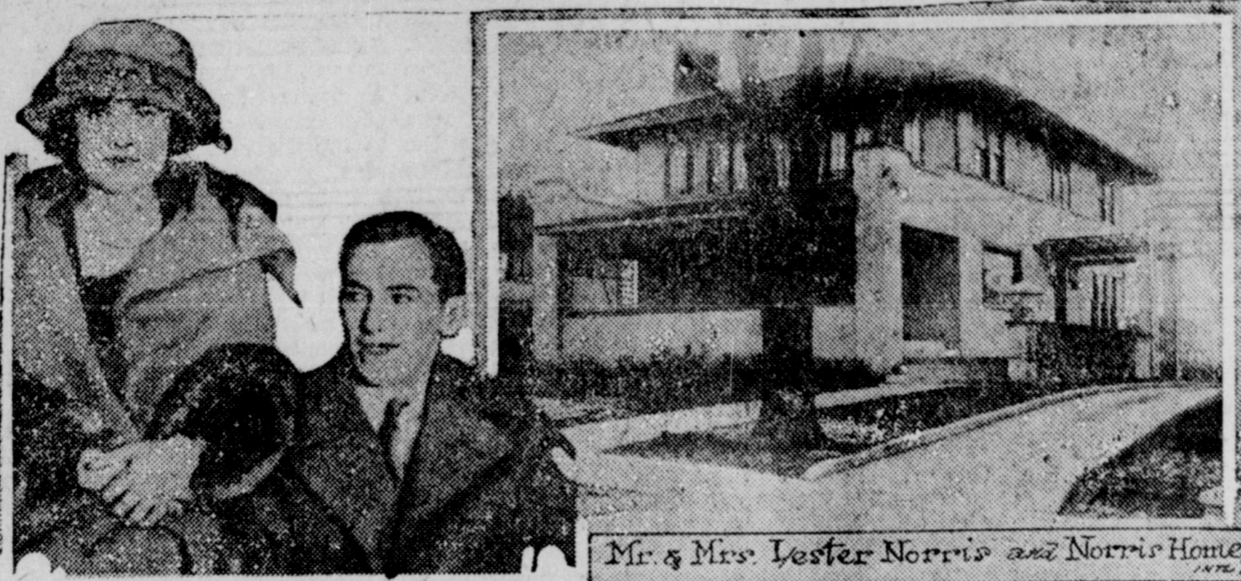

Building Commissioner George R. Hauser happened to be present, which averted a young riot.

As there was a law against transportation of liquor, but none against drinking it, the relic was consumed with ancient rites.

### PROHIBITION ISSUE AGITATES BRITAIN

London, April 20.—Prohibition for Great Britain was defeated in the House of Commons this afternoon by a vote of 236 to 14. The vote was taken upon E. Scrymgeour's dry measure when it was called up for second reading. Scrymgeour said that another prohibition action would be introduced later.

WORTH MILLIONS, SHE PAYS \$50 A MONTH RENT

Mrs. Lester Norris, who, before her marriage to Lester, Norris, a Chicago commercial artist, was Miss Dellora Angell,

heir to \$30,000,000 from the estate of the late John W. ("Bet a Million") Gates, has taken this simple little home, for which she

pays \$50 a month rent, on Main Street, St. Charles, Illinois, and will live there after her return from her honeymoon trip to California.

### DONAHEY VETOES GET ATTENTION OF OHIO SOLONS

Legislative Leaders to Meet In Advance of Body to Discuss Plans

Columbus, O., April 20.—Legislative leaders are expected to meet early next week, in advance of the legislature itself, which is scheduled to return a week from today and discuss action to be taken in regard to the various bills vetoed by Governor Donahey.

The Anti-Saloon League and church forces are said to be organizing to bring about passage of the Gordon moving picture censorship bill over the governor's veto. Should Governor Donahey veto the Finefrock bill, providing for a prison sentence for women violators, who cannot pay their fines, the same forces are said to be prepared to petition the Legislature to repeal it.

The governor added to his list of vetoed bills by disapproving the bill creating a state judicial council, because, he said, it would establish a new state agency. The State Bar Association and voluntary associations of judges, he said, now serve the purposes sought by the measure explaining his veto of the bill by Mrs. Waitt, Cleveland senator, authorizing the sale of part of the lands of the Cleveland state hospital, the governor said provisions of the bill "are not definite." He also objected to an amendment providing for the use of proceeds of the sale of the land for building purposes.

(Continued on Page 5.)

### SAYS SMUGGLERS ARE OPERATING

London, April 20.—Heavily armed bands of hum runners are sailing frequently from the British ports, carrying whiskey to United States in defiance of the American law, it was charged today by Emanuel Shinwell, member of the House of Commons from Linnithgow, Scotland.

Shinwell, in an exclusive interview, with International News Service, said he had conferred upon the subject with Under Foreign Secretary Donald MacNeill, who recently announced in parliament that Great Britain contemplates intervention to assist the United States in ending rum smuggling from British to American territory.

### ASK DAMAGES FOR POISON LIQUOR

Cleveland, April 20.—Suit asking \$25,000 damages for the sale of alleged poison booze, was filed in common pleas court here today by Louis Klein against James Markovitz and his wife, Mrs. Emma Markovitz, who operate a sort drink parlor here.

It was said by court officials to be the first suit of its kind here, and perhaps in the United States.

### GERMAN WORKERS RAP FRANCE

Washington, April 20.—The French policy in the Ruhr and the attitude of the French government toward reasonable adjustment of the reparations problem are sharply criticized in a memorandum received by Senator Borah from representatives of the German working classes. France is charged by the workers with seeking destruction of the principle of self-determination.

### PLANE FROM WRIGHT FIELD WILL ASSIST

A DeHavilland plane from Wright Field, Fairfield, Greene County will be used Friday to make a second attempt to land food and provisions to the party of nine people said to be starving on South Fox Island in the northern part of Lake Michigan.

Following the crash of a Curtiss plane, attempting a rescue Thursday a ship from the local field was ordered to Mount Clemens, Mich., arriving Thursday night.

### AIRPLANES ARE STILL SEEKING TO LAND FOOD

Ships Forced Down When Attempting Rescue of People on Island

Mt. Clemens, Mich., April 20.—Despite information reaching here that the women and nine men reported starving on South Fox Island, isolated by northern Lake Michigan ice floes, have a six months supply of food, Lieutenant Russell Meredith left Selfridge Field this morning with provisions for the "starving" party.

Although convinced that his action will constitute a demonstration of the adage "bringing coals to New Castle," Lieutenant Meredith, just for luck, probably will drop some food on the island, said to be provided with at least three cases of beans, potatoes flour and other supplies.

Northport, Mich., April 20.—The reported plight of the nine men and one woman, said to be starving on South Fox Island in Lake Michigan, was regarded as a joke today, following the denials and conflicting stories told by Edward Horn, one of the three men who reached Northport from the island Wednesday night. Horn and two companions, Carl Cooper and Ellis Sayres, reached here after they said they had struggled for sixty hours in the ice, losing a skiff and completing

(Continued on Page Ten.)

### DEMPSEY LIKELY TO MEET GIBBONS

Chicago, April 20.—Jack Dempsey, world's heavyweight champion pugilist, will positively defend his title July 4, his manager, Jack Kearns, announced in a telegram received here. The opponent remains to be decided. Kearns said. Kearns, who is in Los Angeles, telegraphed he had not closed with Tom Gibbons, the St. Paul heavyweight, for Shelby, Montana, on July 4, but negotiations were pending, and he planned to meet Mike Collins, representing the Montana promoters, here next week to consider the offer.

"I shall leave today for Chicago and New York to negotiate with New York, New Jersey and Cleveland promoters, as well as Mike Collins in Chicago," Kearns said.

Tom McGinnity, a Cleveland promoter, is negotiating for a Dempsey-Gibbons match.

### OIL OPERATORS STAND INDICTED

Fort Worth, Tex., April 20.—Ninety-two oil operators, who, it is alleged, sold seven million dollars worth of oil stock to the American public, were indicted here today by the federal grand jury after a probe which began last November. All are accused of having used the mails to defraud.

Companies concerned in the indictments were capitalized for a total of three hundred million dollars and had disposed of stock to the amount of ninety million dollars.

The ranged from prominent in state and county affairs of Texas to comparatively unknown operators. Investors to the number of 2,500,000, it is charged by post office inspectors, were affected by the alleged frauds.

### MRS. A. W. COOK NEW PRESIDENT OF THE D. A. R.

Bitter Election Fight Precedes Announcement of Result

Washington, April 20.—Mrs. Anthony Wayne Cook, of Pennsylvania, has been elected president-general of the Daughters of the American Revolution, after one of the bitterest elec-

tion fights in the history of the society, according to reports about Continental hall this morning where the tellers worked all night tabulating the vote.

Her victory was described as a close one over Mrs. G. Wallace Hanger, of Washington, her only rival.

Formal announcement of the election results will be made later in the day.

### TO SERVE ON JURY

Several Greene Countians are among the names drawn Thursday to serve as jurors for United States District Court, at Dayton. They will serve on the federal grand and petit juries for the term commencing May 7.

The names include, James H. Andrew, Cedarville; Milo Anderson, Xenia; Christopher Dowling, Xenia; and Thomas C. Long, Xenia.

### FAMILY IS RESCUED.

Sandusky, O., April 20.—Mrs. Emma Cassidy, her sons, Robert, 7, and John, 5, and Miss Mary Beahrie, Mrs. Cassidy's sister, trapped on a stairway when their dwelling burned early today, were rescued by firemen. All were painfully burned, but will recover.

### ATTEND POLICE MEETING

London, April 20.—Sir William Wood, head of Scotland Yard, sails for New York tomorrow to attend the international convention of police chiefs, at the invitation of Commissioner Enright of New York.

## ARMY OF UNEMPLOYED SEIZES MULHEIM AREA

### JAPANESE SCIENTISTS PRAISE INDEPENDENCY OF UNITED STATES GIRLS

Cincinnati, O., April 20.—Of course, her majesty the flapper, was bound to be noticed by the oriental visitors, when a party of Japanese scientists were guests at the University of Cincinnati yesterday.

Speaking last night for the party touring America under auspices of the Rockefeller Foundation, Dr. Kinoshuke Miura, physician to the emperor of Japan, and head of the party, praised the athletic and independent girls of the United States.

"What you call flappers are not unknown in Japan," he said, "but we have no slang term for them there. But the American flappers show discretion concerning their health by following scientific principles in dress, even if they are criticized. They are only accepting a tendency long accepted in Japan."

### PASSENGERS ON TRAIN SHAKEN UP IN CRASH

Two Firemen Hurt in Small Wreck Near Toledo, Ohio

Toledo, O., April 20.—Two firemen were hurt and passengers on a crowded northbound Pennsylvania passenger train were shaken up here today when the train collided with a yard engine on the B. and O. bridge at Utah Street. Neither engine left the rails.

One of the firemen sprained his ankle when he jumped from the cab. The other Howard Remeck, fireman on the yard engine, was caught under several tons of coal as the engines crashed.

Engineers in both cabs, seeing collision inevitable, applied the air brakes and thus averted a serious wreck.

### DANCING RECORD IN OVER 90 HOURS

Cleveland, O., April 20.—Having been crowned late last night as the favorite daughter of torpedore, Miss June Curry, 23 year old Cleveland waitress, was wrapped close in the arms of another ancient god—Morpheus—today, following her record dance of 90 hours and 10 minutes, eclipsing all records, and probably establishing an all time record for Cleveland, as it has been announced that no more marathon dance contests will start here.

"I haven't any plans," Miss Curry said as she left the floor, "but I guess I won't go back to 'slinging hash.' I've already received several attractive offers."

The marathon dance champion weighs 165 pounds.

Several of the marathon contestants, including one of those crowned as "queens for an hour," lost their jobs as a result of their devotion to the dancing goddess.

### DAWES TO BECOME U. S. COMPTROLLER

Washington, April 20.—It was officially announced at the Treasury Department today that Henry M. Dawes, of Chicago, would become controller of the currency on May 1. He will succeed D. R. Crissinger, of Marion, Ohio, who will become governor of the Federal Reserve Board.

### RETAIN EXAMINATIONS.

Columbus, O., April 20.—The faculty of the Ohio State University has voted to retain final examinations, but has decided that at least a two-hour period must be devoted to the tests. The administrative council was directed to work out a schedule for the examinations and it is expected that several days at the end of each quarter will be devoted entirely to written tests.

### EIGHT DEAD AND THIRTY WOUNDED IN RED RIOTING

French Troops Make No Attempt to Interfere in Disorders

TERROR GRIPS CITY

German Strikers Flock to Scene of Trouble and Join "Rebels"

Berlin, April 20.—Eight were reported dead today and more than thirty wounded in "red" riots at Mulheim. The French troops made no effort to interfere when communists seized the principal streets of the city and attacked the police.

Amsterdam, April 20.—Mulheim, the German city seized by a mob of three thousand unemployed workers, passed through a night of terror with outbreaks of shooting in the streets, according to word received here today. The total casualties were put at five dead, two fatally hurt and fifty wounded. Communists occupied the center of the town.

Rioters looted gun shops and opened fire upon the city hall where several hundred police were besieged. Leaders of the communists threatened to run up the red flag over city hall if it were taken.

A state of siege exists at Mulheim. Large numbers of German strikers flocked into the city during the night and joined the "rebels."

### HEAD OF GERMAN FASCISTI BELLIGERENT

Berlin, April 20.—In a remarkable telegram from Munich, in answer to a request for a statement, Adolf Hitler, leader of the German fascisti, makes the first direct public announcement that he will not submit to the special high court of Leipzig. Hitler endeavors to compare the Bavarian-Prussian conflict with George the Third's attempt to order American colonists to London for trial in the days of George Washington. Hitler says: "The so-called German special federal high court for the protection of the republic is in reality an institution of the party government of the moment at Berlin. Therefore, it is not composed of judges, but of political representatives of the monetary majority. In every other country such a tribunal would be a mockery upon the normal procedures of justice, and therefore impossible. Bavaria is not a colony of the Berlin Bolsheviks."

### THREE KILLED AND 12 HURT IN BLAST

Chicago, April 20.—Three persons were killed and twelve injured here today in an explosion at the plant of the Corn Products Refining Company, at Argo, near here. Ambulances were rushed to the plant.

### SIEGE OF KERRY CAVE ENDED.

Dublin, April 20.—The siege of the Kerry Cave has ended. Three of the irregular occupants of the hidden cave which has been worrying the Free state forces for several days, were drowned when they were caught in the ebbing tide while trying to escape in the darkness. Commander Lyons of the seven irregulars, who used the cave for a fort, was killed by the troops while trying to escape. Three survivors, including an Englishman named Walter Stephens, of London, were captured and taken to Tralee.

### MURDER MYSTERY UNSOLVED.

Canton, O., April 20.—A special grand jury, called in response to public demand to reopen investigation of the murder of Dr. O. C. Walker at Alliance in 1921, reported no indictments and was dismissed. The failure of this, the third, grand jury investigation only deepens the mystery of the slaying of Dr. Walker, who was called out in the night by a false sick message and shot to death.

## STORY OF "FAUST" TOLD TO MEMBERS OF WOMAN'S CLUB

The romantic story of "Faust," the work of Goethe, was told in a charming manner by Mrs. Charles Kumlir, of Dayton, before the members of the Club, of this city, at the regular monthly meeting held at the Knights of Pythias Hall, Thursday evening.

Mrs. Kumlir called her talk, "An Interpretation of Life from a Great Book" and interspersed her story of the opera with incidents to illustrate her story. Mrs. Kumlir is a worker for the Young Woman's League of Dayton, and is well known as an authority on current events.

## WHIPPING BOSS IS BEFORE PROBLEMS— ADMITS FLOGGING

Tallahassee, Fla., April 20.—Florida will be boycotted by sportsmen and tourists should the state refuse to reform its penal system, if a movement set on foot by Amos Pinchot, New York philanthropist and brother of Governor Pinchot of Pennsylvania, bears fruit.

Such a boycott, as a protest against the cruelties and inhumanity of penitentiary conditions growing out of the convict lease system and the flogging of prisoners, was advocated in letters from Pinchot received here by the five members of the Florida legislature investigating the flogging and subsequent death of Martin Tabert, North Dakota youth, in February, 1922. Pinchot disclosed copies of letters on this subject he had addressed to women's clubs in Florida.

Progress toward reform was made in the house when the pending measure to abolish the leasing of county convicts to private contractors and corporations went to the engrossing committee to be enrolled and reported out for final reading. The amendment adopted to abolish corporal punishment in county convict camps provides that the convict who refuses to respond to discipline may be tried for misdemeanor and given additional sentence. While the anti-leasing bill appears certain to pass the house, its fate is not at all certain in the senate.

Dr. C. M. Ausley, under whose contract with the Putnam Lumber company Tabert was farmed out to work in the lumber camp in the cypress swamps at Clara, was examined by the investigating committee. Ausley gave a professional opinion that a whipping such as Tabert is alleged to have received might bring on pneumonia and cause death.

Walter Higgenbotham, the whipping boss, who is under indictment for murder as the result of Tabert's death, was the star witness for the lumber company. He is a mild mannered man of 35, weighing a scant 150 pounds, and 5 feet 7 inches tall.

Higgenbotham testified that he whipped convicts, and said that on the Friday night that Tabert was whipped he came in from work and was lined up with the rest of the gang. The guard in charge, he said, had twice before reported Tabert was "laying down and wouldn't work," and this night reported him a third time. Higgenbotham said he called Tabert out of line and gave him 10 or 11 lashes, after which Tabert rejoined the line and went in to mess with the rest of the gang. He declared it would have been impossible for him to have placed his foot on Tabert's neck and whipped him at the same time, as witnesses had charged. The following Wednesday, Higgenbotham said, Tabert's death was reported to him a few minutes after it occurred by the guard in charge, and he ordered the body prepared for burial. He did not attend the funeral. After the whipping, he said, he did not notice any bruises or discoloring on Tabert's back.

## ROTARIAN IS DEAD

Xenia Rotarians were sorry to learn of the death Wednesday of A. Richard Wolfe, Chillicothe Rotarian and newspaperman.

Mr. Wolfe, who was 55 years of age, was engaged in newspaper work in Chillicothe for a generation. For several years he served as postmaster, retiring last year and resuming his work in the newspaper field.

Active in Rotary work, Mr. Wolfe had assisted in the organization of many similar clubs in this section, including the Clubs at Washington, C. H., Greenfield, Portsmouth, Ironton, Circleville and in this city.

## GIVEN SUSPENDED SENTENCE.

Toledo, April 20.—After a jury, trying Mrs. Ollie Jacobs for first degree murder of her husband, had disagreed and had been discharged the alleged slayer pleaded guilty to manslaughter and was given a suspended sentence by Judge Ritchie. Mrs. Jacobs' defense, during the trial, was that her husband had abused her.

## Millionaire Husband Is Sued for Divorce.

Mrs. Lillian Waitt, of Newton, Massachusetts, has filed suit for divorce from her husband, Albert H. Waitt, millionaire son of the late H. A. Waitt, cigar manufacturer. She charges that when she made a trip to New York that displeased him he broadcast the news of his disagreement from his radio station. He countered with a cross-bill, charging her with infidelity and intoxication.

## LUXURY BUSES FOR ARIZONA'S APACHE TRAIL

Phoenix, Ariz., April 20.—Automobile passenger transportation passed into a new era in Arizona this week when two 19-passenger buses were delivered to a local transportation company for service between Phoenix and the Globe-Miami mining districts.

More excitement was caused here when the new coaches, the last word in the automobile industry, paraded through the streets than when the first aeroplane passed over Phoenix only a few years back.

The massive cars, beautiful in design and built to stand the demands of passenger service over the mountainous Arizona roads, rolled along the streets, responding readily to the will of their drivers, as thousands of natives and health seekers from all over the United States gasped in wonderment.

B. H. McAhren, manager of the transportation company, demonstrated the easy control, power, and comfort of the new buses, driving over rough dirt roads and unpaved highways. The finest Pullmans do not ride with any more comfort than the new coaches that will be put into service between this city and the Globe-Miami mining district.

Nothing has been overlooked in the mechanical and construction design of the new cars to make auto travel, which has gained great popularity in this district in the last five years, a real pleasure. Electrically lighted throughout, automatic signal devices, powerful headlights, automatic governor to regulate the speed of the engine, hot and cold controls—are all manipulated from the driver's seat, which is set apart from the passenger's compartments.

One section of the coach is partitioned off for ladies, and a smoking room for men is in the rear. Large, roomy seats in each compartment give the bus every appearance of a massive railroad Pullman. Heaters are in each compartment for winter use, and ventilators on the roof, regulated by the driver, assure passengers' comfort in the summer.

McAhren has regulated the governors of the four-cylinder engine, which develops 50 horsepower, to a speed of 30 miles per hour, insuring comfortable riding.

The new buses will eliminate the rough stagecoach trip between the Salt River Valley of Phoenix and the mining camps of Globe and Miami.

Ignace Jan Paderewski, noted pianist and a group of Eastern capitalists, who have been visiting Roosevelt Dam and the Salt River Valley of Arizona, were the guests of McAhren on a trip over the famous Apache trail in the new buses and expressed keen delight at the easy riding and the scenic beauty of the mountain roads.

## THIS PURE CREAM ENDS HEAD COLDS

Apply in Nostrils—It Opens Air Passages Instantly  
Colds and catarrh yield like magic to soothing, healing antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely. Hawking and snuffing stop. Don't stay stuffed up and miserable.  
Get a small bottle of Ely's Cream Balm from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years.

## FINANCIAL CRISIS IN GERMANY GETS LEADERS' ATTENTION

Berlin, April 20.—The German government needs to be argus-eyed these days to watch the danger signals that are flashed from all directions.

German attention must be focussed on the intensified French aggression in the Ruhr, a strict lookout must be kept for dangers arising from the government's failure to hold the mark steady and at the same time one eye must be kept on the threatening attitude of Poland, the third disturbing factor on the political horizon.

Anti-German agitation in Upper Silesia, according to dispatches, has assumed dimensions recalling the rising of the Polish insurgents in 1921. The streets of Katowitz are filled with French officers and General Leonard, who is alleged to have supported the Polish insurgents of 1921, is continually en route between Krakow and Katowitz. General Foch and General Weygand, the latter the organizer of the Polish army, are also in the field. A systematic effort is being made to convince the population of Poland that the country is threatened with imminent danger from the outside.

Deputy Hertz, Socialist, declared in the reichstag that the reichsbank has lost its struggle to stabilize the mark. He showed that the reichsbank yesterday threw close to ten million dollars of its reserves "into the firing line," without being able to hold the line.

In many quarters in a position to know, the sudden break in the mark is declared to be the result of a battle between the reichsbank and Chancellor Cuno on one hand, and Hugo Stinnes and the industries on the other. Stinnes and the industries, temporarily at least, are victors.

Chancellor Cuno and the reichsbank announced two new prospective measures: The drastic limitation of all imports and the inauguration of obligatory registration of all foreign monies and exchange securities with the government. This created a tremendous stir, which was followed by a still greater sensation in the announcement that Chancellor Cuno had summoned the cabinet into special session and that he had called President Haverstein of the reichsbank, with his assistants and the heads of all big Berlin banks, to confer with the cabinet on the financial crisis.

## CLIFTON

The Rev. Glibert L. Wilson, of St. Paul, Minnesota, is the guest of Mr. and Mrs. Edwin Dean, of Clifton.

Mrs. Clyde Clark, of Clifton, entertained the women of the Second Auxiliary of the Clifton Presbyterian Church, Wednesday afternoon.

Mr. Wilmont Stewart, of Clifton, has been severely ill, at his home, but is now recovering.

Miss Florence White of Clifton, has been spending a few days in Xenia, as the guests of friends.

Mr. and Mrs. Arthur Reed of Clifton, entertained at dinner, Thursday at the Blue Goose farm, covers being laid for Mr. and Mrs. Chester Preston, and family, Mr. and Mrs. Leonard Flatter, and family, and Mrs. William Reed.

Mrs. M. M. McCarty and daughter, Miss Marie, and Mrs. Margaret Sparrow, of Clifton, spent Thursday in Springfield, with Mr. and Mrs. Clarence Dunn.

Mr. and Mrs. Ollie Hayslette, of Clifton, are moving next week to the Preston farm, near Clifton.

Mr. Orville Shaw of Clifton, is confined to his home with illness.

## CARD OF THANKS

We wish to thank the friends and relatives who were so kind to us during the sickness and death of our husband and father especially Rev. Proudit, the singers, Mr. Need, Rev. Proudit, the singers, Mr. Need, Rev. Eagles, Hooven & Allison Co., and the others who sent beautiful flowers.

Mrs. Hiram Barnett and family.

## Smart Style-Foot-Freedom and Long Lasting Service

Spell attractiveness and economy in Children's shoes. Such shoes are Frazer's shoes for girls and boys of all ages. Their Quality goes deep below the surface appearance. And they look good to the Young Folks.

Patent Straps  
Brown Calf Oxfords  
Sport Oxfords

Frazer's Shoe Store  
11 East Main Street.

## SPORTS

PITCHING IS HANDICAPPING REDS

CENTRAL HIGH GRID CANDIDATES GET SPRING PRACTICE

JEFFERSONVILLE WILL PLAY SUNDAY

**POOR PITCHING HURTS REDS**  
Poor pitching caused the Cincinnati Reds to drop the third game of the National League season Thursday to the St. Louis Cardinals by the score of 11 to 8.

With the Cardinal sluggers banging four Red hurlers for 14 hits and 11 runs the eight runs picked up by the Morannmen counted for nothing. And eight runs are enough under ordinary circumstances to win any man's ball game.

Cactus Keck got the call to start the combat, and the Cardinals enjoyed a happy third inning with his offerings that resulted in the visitors piling up six counters. Keck sought the showers and Johnny Couch, who kept the Reds in the race during the early months of last year, went to the mound. Couch labored successfully for a little more than five innings but was relieved in the eighth to make way for a pinch hitter. Snell pitched the ninth and was pounded ferociously. Abrams, another rookie, taking his place for the finish of the pastime.

The Reds got ten hits and eight runs, all the runs coming after the Cardinals had their six run lead, and if their pitching had been effective the Cincinnati tribe would have come through with a win. The game proves the old saying that a club is no better than its pitching.

## HOW THEY STAND

Columbus at Toledo.  
Louisville at Indianapolis.  
Minneapolis at Milwaukee.  
St. Paul at Kansas City.

**SPRING FOOTBALL PRACTICE ON**  
In spite of the warm, spring baseball zephyrs that are doing their stuff this week, Coach Earl Burger of Central High School has a gang of embryo football performers working hard at spring grid practice every afternoon.

About 30 possible candidates for next season's eleven, are coveting under the mentor's instructions in order to get a start on their training for a championship eleven next fall. With two hand-holds on the Miami University southwestern Ohio champions cup, there are high hopes at Central that another winning team can be produced next year to repeat the performance and thus bring the cup to the school as a permanent possession.

Only new candidates and athletes who were on the squad last fall and who will be back next year, are among the athletes taking the spring football tonic. The workouts are light, and the most strenuous practice indulged in consists of "tag" football, in which the runner is "down" when tagged instead of being tackled.

Promising material is on hand, according to Coach "Puss" who is giving the athletes the rudiments of the grid sport. Among the promising looking athletes is Arnold Boxwell, who was on the squad the latter part of last season and participated briefly in one game. "Boxy" is a brother of Paul Boxwell, who graduated last year after setting up an athletic record at Central High for athletically inclined students to shoot at for some time to come. The kid is said to possess all the earmarks of his distinguished brother and is expected to be a power in Central High football and basketball circles during the next three years.

## JEFFERSONVILLE OPENS SUNDAY

The Jeffersonville Tigers, considered one of the best semi-pro teams in this section will open Sunday on the home grounds, playing a practice game with a team yet to be announced. Among athletes who have signed to play with the Tigers this season are: Jones, p; Reussenzehn; Whitehead, lb; Coblenz, 2b; Schline, ss; Buckley, 3b; Marshall, cf; and Hie, rf.

## THURSDAY'S HOME RUN HITTERS

American League	No.	Total
Dykes, Philadelphia	1	2
National League		
Kelleher, Chicago	1	2
Miller, Chicago	1	1
Meusel, New York	1	1
Russell, Pittsburgh	1	1
Tierney, Pittsburgh	1	1

## HAUGHTON ON JOB AT COLUMBIA

Haughton at work, etc.

Percy Haughton, inventor of the Harvard football system and called by many the greatest of all football coaches, has begun the Spring training of the Columbia University team on Baker Field, New York City, assisted by many of his Harvard stars. Haughton is shown here in conference with Assistant Coaches Depler and Webber. Football.

barred for years at Columbia, is just coming back to the Morning Heights institution, whose mediocre teams for the last few years have caused mental anguish to Columbia graduates. With Haughton at the wheel, Columbia students, who have not taken the game seriously, are reporting in large numbers for Spring practice, and a good season seems assured.

## SEES FUTURE U. S. PURELY INDUSTRIAL

Moscow, April 20.—American soon will cease to produce sufficient food for her own needs, in the opinion of Professor Tulaikof, who is head of the New York Bureau of the Moscow Industrial exhibit. Professor Tulaikof recently arrived in Moscow from New York.

"America is rapidly becoming an industrial nation," he said, "and soon will be looking abroad for a considerable part of her food supply."

The rapid industrialization of America, in Professor Tulaikof's opinion, explains the indifference of the United States to the European situation. The collapse of Germany and Austria, as well as the long continued crisis in European affairs generally has resulted, the professor contends, in a situation detrimental to the trade of England and favorable to America.

The logical development, according to Professor Tulaikof, is a rapprochement between America and Russia, the latter supplying the market for the product of American industries and the source of the food and raw materials which America will need.

### CHARMING AFTERNOON PARTY GIVEN THURSDAY

One of the most charming social affairs of the early spring season was the affair given by the retiring officers of the Orient Hill School Parent-Teacher Association, for the members of the organization, at the home of Mrs. J. J. Stout, on Hill Street, Thursday afternoon.

Thirty-five women were received by the committee in charge of the function, Mrs. Howard Lightheiser, president; Mrs. Guernsey McCoy, vice-president; Mrs. John Bradley, secretary and Mrs. J. J. Stout, treasurer. The living room, library and dining room of the Stout home were profusely decked with gay spring flowers. Guest favors were corsage bouquets of sweet peas. The appointments for the affair in the decorations and luncheon, were carried out in yellow and white.

After a pleasant social time over their needlework, the guests enjoyed two readings, given by Mrs. C. R. Stearns, followed by a memory contest, Mrs. A. J. Wilson and Mrs. Lee Ledbetter, winning the prizes.

A luncheon course of ice cream, cake, coffee and nuts was served by the hostesses.

### JOHNSON-VON MEYER MARRIAGE SOLEMNIZED

The marriage of Miss Fannie Von Meyer, of West Second Street, this city, and Mr. Ray Martin Johnson, of this city, was solemnized at the parsonage of the First Lutheran Church Thursday afternoon at three o'clock. The couple was attended by the bride's sister, Miss Lena Von Meyer. The bride was attired in a dress of grey tulle, heavily beaded, with footwear, hat and gloves to match. Following their marriage the couple left for Niagara Falls, Canada and a trip through the east.

Mr. Johnson is the son of Dr. and Mrs. Jesse Johnson, former Xenians, now of St. Louis, Mo., where Dr. Johnson is connected as professor of the Xenia Seminary. Mr. Johnson is connected with the Hoover and Allison company in this city, as superintendent of one of the cordage mills.

### MARRIAGE AT PARSONAGE THURSDAY AFTERNOON

The Rev. B. B. Uhl, pastor of the First Lutheran Church officiated at the marriage of Miss Clara L. Jefferys, 711 West Second Street, and Mr. John C. Hild of Vandalia, Ohio, which was solemnized Thursday afternoon at one o'clock, at the church parsonage on West Main Street.

The bride's mother, and the bridegroom's parents witnessed the ceremony. Mr. and Mrs. Hild left immediately for Vandalia, where they will reside on the Troy pike.

### SCHOOL PUPILS ENJOY WEINER ROAST AND HIKE

The sixth grade pupils of Central Building, enjoyed a four mile hike and weiner roast, Thursday afternoon. The pupils and their chaperones went to Wilberforce, where, after roasting weiners and marshmallows over a campfire built by the Boy Scouts of the Clan, they returned to Xenia, on the seven o'clock train.

Miss Alexander, Miss Glascock and Miss Jones, the pupils teachers, chaperoned the party.

### ENTERTAINS THURSDAY WITH THIMBLE PARTY

Miss Mildred Johnson was a gracious hostess to twenty-five guests at her home on South King Street, Thursday afternoon, at a thimble party.

A color scheme of pink and white was carried out with bouquets of carnations used about the rooms. The guests spent the afternoon over their needlework, and enjoyed a delicious luncheon of two courses later.

### ENGAGEMENT BEING INFORMALLY ANNOUNCED

The engagement of Miss Mildred Holland Diven, of Springfield, and Mr. Charles Summer Fess, son of Senator and Mrs. S. D. Fess of Yellow Springs, is being informally announced.

The wedding will take place May 7, and after a honeymoon trip, the young couple will reside in their new home in Hills and Dales, Springfield.

### AFTERNOON PARTY FOR BRIDE-ELECT

Miss Florence Andrew of Yellow Springs, whose marriage to Mr. John Simlar, of Springfield, will take place next week, will be honored guests at a miscellaneous shower, at the home of Mrs. John Dell, in Yellow Springs, Tuesday April 24, from two until five o'clock.

### CLUB MEMBERS ENTERTAIN

Mr. and Mrs. Bayless Thompson, entertain the members of the Cooks' Club at their home on South Detroit Street, Thursday evening. After dinner the guests enjoyed dancing and an informal social time.

### STANDARD BEARERS MEET

The Standard Bearers of the First M. E. Church will hold their April meeting, Tuesday, April 24, at seven o'clock, at the home of Miss Olive Benbow on North Galloway Street. All members are asked to bring their thank offering and mite boxes.

### TO MEET SATURDAY

The King's Heralds and Home Guards of the First M. E. Church

## DURING FARMERS' BUSY SEASON

During the next few weeks the office of the Gazette and Republican will remain open Saturday evenings until nine o'clock, to accommodate any who are not able to get in during the week.

## SEEKS TO INTEREST LOCAL CAPITAL IN PROPOSED NEW PLANT

Interest in the organization of a company here to take over the holdings of The Omnigraph Company, of Des Moines, Iowa, and manufacture printing presses in this city was shown at the meeting of Xenia business men interested in the project at the offices of The Xenia Grain Company in the Allen Building Thursday night.

A written agreement by which stockholders in the Des Moines concern approve of the dissolution of their company and agree to accept stock in the new company which it is proposed to organize here, was submitted by E. E. Strawn, of Des Moines, inventor of the press and president of the Des Moines Company. The contract includes an agreement to turn over the assets of The Omnigraph Company to the proposed new company.

With his agreement approved, C. R. Hinkle, of Dayton, former Xenian, who is promoting the organization of the company here to take over the manufacture of the presses, said Friday he expects to sell the rest of the stock necessary to bring the concern here within the next week. Practically 50 per cent of the \$100,000 required from Xenia stockholders to insure the new organization and location of the plant here, has been subscribed, according to Mr. Hinkle.

If the rest of the amount set is subscribed, the stockholders here will meet and organize a new company, applying for incorporation papers under the laws of Ohio, it is understood. Directors and officers will then be elected, with Mr. Strawn representing the western stockholders and all other officers and directors being Xenia stockholders in the proposed new plant.

The press invented by Mr. Strawn will print two or more colors at once and the same time, prints from a roll of paper instead of cut sheets, decreases handling of the paper and printed matter and will print the multiple-colored copies more than ten times faster than the best present-day presses will print copies of one color. The Des Moines Company was organized to finance the experimental stages of the concern, which is now ready for manufacture but it without a plant, with the exception of the machine shop in which a few of the presses have been completed.

The presses are leased at a selling price from \$10,000 to \$75,000 depending on the size, and at a royalty rate of ten per cent on all work the press does. It has been estimated that 100 presses will take in \$500,000 annually in royalties.

Mr. Harry L. Reed, Field Representative, American Red Cross for southwestern Ohio, was a visitor of the local chapter, A. R. C. on Friday.

Miss Sylvia Snyder of Marion, Ohio, is the guest of the Misses Norris, of East Main Street.

The infant son of Mr. and Mrs. Ford S. Prince of East Main Street, has been severely ill for about a week, suffering from a complication of diseases.

Mr. Stephen G. Phillips, of Zanesville, was a business visitor here Friday, returning to Zanesville Friday afternoon.

Mr. H. E. Ruhlman, former operator of the skating rink in this city, now in Zanesville, will manage a large amusement park in Charleston, W. Va., this summer.

Mr. Charles Darlington was a business visitor in Cincinnati Friday.

Mr. and Mrs. Phillip Deihl, of East Market Street, will move next week to the property on North King Street, recently bought by Mrs. L. Funderburg. Mr. and Mrs. William H. Ogden, who have been occupying the property, will move to Cincinnati.

Mrs. Lona Lees and son Gail and Mr. Ralph Morrow, were visitors Wednesday at the home of Mrs. Lees' parents at Savona.

Mr. and Mrs. A. W. Shaw, of Allison Avenue, are rejoicing over the birth of an eight pound son, born Friday morning. The little one has been named Lloyd Neil. Mr. and Mrs. Shaw have one other child, a little daughter.

Keneth Deihl, the son of Mr. and Mrs. Phillip Deihl, of East Market Street, is ill from grip.

### EAST END NEWS

Fresh fish of all kinds, Strawberries, celery, lettuce, apples, bananas, fresh liver, pork chops and sausage. Roans Grocery. 4-29

### FINED IN COURT.

William Booker, colored, was fined \$1 and costs by Police Judge E. D. Smith on a charge of reckless driving Friday. He was arrested by Patrolman Charles Simms Thursday.

### Boy Soloist Wonder Lost to Boston

Brent Curtis, boy soloist, with the "wonder voice," who has been a singer at the Trinity Church, in Boston, for three years, has gone to New York, where, by arrangement with the famous Grace Church authorities, he will receive a thorough education, including a college course. The boy, who is 14, is the son of a Boston druggist.

## HOT SHOT FIRED BY CHARLES KNIGHT

Washington, April 20.—Charles L. Knight, Ohio newspaper publisher, Republican member of the last Congress, expressed the opinion today there will be no real issues on which the Republican and Democratic parties will contest the 1924 election.

In a letter to an enquirer in Detroit, made public today, former Representative Knight made some pertinent and startling observations on general political conditions. He said:

"As to what the issues will be, there will be none. The Republican party will point with pride to what it will say it has done and 'view with alarm' what it says the Democrats simply reverse it and do the same thing. There is no longer any real differences between the two parties."

"In action, one is uncertain whether it is one animal making two motions or two animals making one motion."

"Both parties have adjoined constitutional government; have reduced the organic law of the land to a mere scrap of paper, have struck hands with state socialism and are hell-bent for that Utopia where we propose to let the government do it. The dreamers and the uplifters are in full control and their desire to plunder the taxpayer in order that the government may make everybody happy, prosperous and virtuous, by laws, creating boards, bureaus and commissions from which swarms innumerable inspectors and regulators, will not be resisted by either party. Both have sunk to the deepest abyss of cowardice."

"In 1920, the Republican party stood for something. Yet once in power, we have note widely departed from the policies we condemned and I am not sure that we are not now planning to enter the league of nations through the cellar door."

## HARDING'S WONDERFUL ADDRESS BEFORE DAUGHTERS AMERICAN REVOLUTION.

President Harding appealed for an open mind in approaching the problems confronting the Nation, in an address at the annual congress of the Daughters of the American Revolution Monday.

"Never has mankind faced difficulties of such varied character or on so huge a scale," said the President. "The very destiny of the race, the future of civilization, seem to depend on our finding an answer, and on our sincere, generous, broad-minded acceptance of that answer when it is found."

"We shall not find an answer which will be completely satisfactory to any State or race or people, but if we pursue our quest with open mind and with purpose of achieving the largest benefit for the greatest number I believe we shall in the end discover that we have attained also a large advantage for those who seemed to be making something of sacrifice to the common welfare."

The President further advised that pending the solution of the manifold problems, the American people "hold secure" to those paths made by the fathers of the republic.

"Our country will have done well," said Mr. Harding, "when it is assured of the full enlistment of all the unselfish devotion of its womanhood in the supreme duty of implanting sentiments of real Americanism in the hearts of all our citizens."

"The Daughters of the Revolution have preserved for us all a lesson in the desirability of forbearance, patience and toleration. In the beginnings of the nation there were wide divergences of judgment about institutions, methods, directions, means and measures. Fortunately for our country's great experiment, there was a sufficient endowment of wisdom, moderation and selflessness to make possible the adjustment of all the differences."

"The great project of a government of the people, for the people, by the people, was set forth in the world because no group or faction or narrow interest assumed to be or to represent all the people. No group arrogated to itself all the political righteousness of the young republic."

"It is good to recall the beginning. The war-torn world of today easily might find a helpful lesson and cheering encouragement therein. In a chaos of victory, prostrate in material fortunes, wrecked financially, with interests conflicting and ideas opposing, the founding fathers found a way to union and concerted effort to restoration and attainment."

"World wonder, sometimes world envy, has attended the astounding development. But there has come to us a glorious country, a cherished nationality, an inheritance which it is an inspiration to preserve, and we have the prospect of future advancement for ourselves and helpfulness to the world ever to impel America onward."

## FIRST DRUNKEN AUTOMOBILE DRIVER TO BE CONVICTED OF MURDER.

Henry G. Brock, Philadelphia millionaire and society leader, was last week sentenced to six to ten years in the penitentiary for killing three people while running an automobile while drunk. He pleaded guilty to second degree murder. He has already entered upon the sentence and is in prison. This is the first automobile driver in the country to be convicted of murder for killing a pedestrian.

Following his sentence, he was allowed to go to his home and bid a farewell to his bed-ridden mother, telling a gentlemen's lie to her in saying that the "trouble" he was in had only been punished by a sentence of twelve months. Until early in the day his mother did not know that his predicament really was serious.

The three persons whose death Brock admitted causing were: Mrs. Ellen O'Donnell, her son, Leo, and Miss Mary Murphy. They were alighting from a street car when Brock's new automobile going at high speed struck them and speeded away.

Six to ten years in the penitentiary—the sentence imposed upon Henry G. Brock by Judge Audenried, Philadelphia, is not too severe a punishment to be inflicted for the crime he committed. It should be an example and a warning to all those who have been in the habit of operating automobiles while drunk, for aside from the severity of the penalty imposed the swift action of the machinery of justice in this case is a significant answer to those doubters who have been saying that the social position of the defendant would be used to avert the just penalty of the law.

Brock and his council faced the situation in the only way honorable men could have faced it and retained their self-respect. The appalling consequences of Brock's offense—the snuffing out of three innocent lives because of his drunken condition—made the case one of peculiar gravity. That no attempt was made to resort to the usual technicalities of legal procedure to mitigate the punishment or to cloud the issue may or may not have been due to the overwhelming evidence of Brock's guilt; but the plea of guilty was wise and timely and greatly relieved the situation. It saved the country the cost of a prolonged and useless struggle; but what is more important, it offered to the public a demonstration that justice is really blind and that social standing and wealth is no protection for criminal recklessness resulting in murder.

## THE PRESIDENT VS. THE POLITICIANS

President Harding is quite right in his determination to maintain his stand on the World Court, despite the clamor of irreconcilable politicians. In the end the sound common sense of the Nation will approve his position with votes, even as it does now in its widespread expression of favorable opinion. But for the moment the peculiar genius of politicians for obscuring with a mist of false pretense and entangling in a mesh of personal jealousies an issue on which public opinion is virtually united must have its play. It is unfortunate that former President Wilson should have added fuel to the flames of this political controversy by the letter to Representative Rouse protesting against any conditional acceptance of the World Court, and demanding that the United States take membership in it only in accord with the provisions of the League of Nations without reservations.

Even the most loyal supporters of President Wilson, who ascribe to him the primary credit for the establishment of the League of Nations in its present form, admit, though reluctantly, that a certain lack of tact, an unwillingness to share credit, and a stubborn insistence upon individual convictions were responsible for the refusal of the United States to join it. His failure to invite a single representative Republican to be one of the United States delegation to Versailles inevitably and irrevocably put the stamp of a party measure upon the Versailles Covenant. Refusal to accept reservations at a moment when compromise was still possible finally put the United States definitely out of the League.

## AS TO INCREASING THE IMMIGRATION LIMIT

WE'D LIKE TO SEE JUST AS MANY ENJOY THE PICNIC AS POSSIBLE BUT—

IT IS JUST AS WELL TO LOAD THE BOAT WITH SOME REGARD TO THE NUMBER OF LIFE PRESERVERS AND LIFEBOATS WE CARRY

## 1903--Twenty Years Ago--1923

The plans and specifications for the new Army and Recreation building at the O. S. and S. O. Home were accepted at the meeting of the Board of Trustees of the Home held yesterday. Bids will be now asked for to construct the building but nothing above \$12,000 will be considered. The Xenia School Board met last night and J. S. McCampbell, the new member who succeeds J. E. Jones, and Jacob Kany,

who holds over for another term, took the oath of office.

The Greene County Sunday School Convention begins in this city today and will be held at the Presbyterian Church. The convention will be in session two days.

The Bath township High School closed Friday with appropriate exercises. Commencement of this school will take place at the Reformed Church Tuesday evening.

### NICE WAVED HAIR

There is not a bit of use telling young girls that straight hair is more becoming than curly. If they haven't curly hair they are certain to want it, and I must admit that there are times when a little wave, artificial or otherwise, is a great blessing. When you are on a journey

the hair and eventually cracks it, and though it may be used in emergencies, it should never be made a general practice. If you must wave your hair frequently roll it on kld or rag curlers. These take more time than the iron, but they do not hurt the locks and they produce a soft natural-looking wave.

Part the hair just as you do when dressing it, then take a small strand along all the outside part where it shows, moisten these slightly and roll them tightly around the curler. Some hair will wave in 30 minutes, but most people need an hour or two. The best thing, of course, is to do up the hair at night, covering the ugly curlers with a boudoir cap and take them off in the morning.

Do not use curling fluids. They are often harmful, the least they do is to coat the hair and keep it from ventilating properly.

Red Rose:—You are probably full bloomed and feel the heat more than other people. As this is natural to you there should be no objection to it. The only thing to do is to avoid heating foods to some extent and drink plenty of water to keep the system flushed.

Miss J.:—Remove this extra fat on your arms by massaging, unless you are too stout all over. In that case diet until you are of normal weight.

E. G.:—As the yeast you mention must have been advertised, it could not have been mentioned in the "Chats." This treatment should only be used for a short time, and if you do not find that you are being benefited it should be discontinued. Possibly two weeks would be a test.

Tomorrow—A Cosmetic Book.

for instance, and must do your hair up hastily in a Pullman car, dressing room, or when you are tired and the face is full of draggy lines, or when you must dress hurriedly and cannot stop to put each lock of hair where it pleases you best—these are some of the times when wavy hair is a delight.

Don't ever, if you can help it, wave your hair with a hot iron. It dries

### Stearns' Electric Paste

## THE GAZETTE And THE REPUBLICAN Information Box

All questions asked by our readers will be answered in this column. Medical and legal subjects are barred. Address all queries to "Information," this paper.

FOOLSCAP—The word foolscap as applied to a certain size of paper has a peculiar origin. Charles I of England granted to some certain parties the monopoly of the manufacture of paper. Parliament, under Cromwell, made jests of this and wittingly or otherwise ordered that the royal arms be removed from the watermark that was then used, and the fools cap and bells substituted. This was done, and it gave birth to the use of the name "foolscap."

Q. W.—"What is the speed per hour of the average snail?" is a question that requires too much figuring to answer. However, we can tell you that it would take a snail fourteen days and five hours to travel a mile. Work it out for yourself.

GOO-GOO—Yes, evidence collected from time to time suggested that tropical conditions once prevailed in the Northern Arctic regions. The presence of coal alone in this part of the world is sufficient proof that vegetation once flourished with tropical abundance.

MR. C. D. SHORT LANCASTER, O.

Well-Known Farmer Tells How He Recovered His Health After Severe Attack of Liver and Kidney Trouble.

Mr. C. D. Short, a well-known farmer, living on Rural Route No. 3, Lancaster, O., expresses his thanks for the quick relief that Ka-di-ok gave him. He says: "I suffered for months with stomach trouble and my liver and kidneys caused me a lot of bother. My back ached continually, and sometimes I would be all bent up, as it was very painful to stand up straight. I had no appetite and ate very little food; had no strength and felt tired and miserable all the time. I have taken Ka-di-ok during the past few weeks and it has made me feel like a new man. I am now feeling fine in every way. I can certainly eat well and don't have to be particular what it is. I can stand up straight now and don't have any more kinks and pains in my back. Ka-di-ok is a real medicine and makes good, and I am glad to recommend it for what it did for me."

Ka-di-ok can be obtained at Sayre & Hemphill's Drug Store, Xenia.

## Today's Talk

### THE CLOSE OF THE DAY

When I start to read a book, I think of the adventure as a touch of the spirit of youth. I picture the writer in all his moods and stretches of thought.

But, somehow or other, I keep climbing with the writer, wondering how he will solve many things, or how he will develop the ideas he starts across the page, until we both finally come to the close of the book. And then for many years, maybe, I carry the thoughts or lessons or beauties of that book around with me in my mind and heart.

A day is much like a book. It opens with freshness—no matter how the clouds may be. And it takes us on an adventure that is often as wonderful as any told in a book.

But at its close is crystallized its best and worst and in our spiritual mind is recorded the sum total of all that is most beautiful and beneficial.

Perhaps we may sit before the warmth of the fireplace, or under the soft rays of the floor lamp, or just in a dimly lighted room with some mind that is full of understanding, and there talk upon the events of

the day as they have had bearing upon the development or happiness of our lives.

Or perhaps we have sat alone traveling in thought with some great mind that has finished its work—except as it lives anew for those who pick up its aspirations in words that have been preserved.

How calm and restful is the day at its close! Especially when we have been good sports throughout the day.

I love the dusk of the day more than any other time. The other evening I saw it as it melted into dark clouds and was finally buried in a thunderstorm. I looked out into it with a mind fascinated by the intermingling thoughts that came to me. And then the great clouds parted and a streak of magnificent grey and purple and light pink silhouetted a line of trees against that dark sky like an etching.

I believe that every day should be closed happily, no matter what has gone before. It is a task at least worth all the effort we possess.

## Skin Ablaze with Eczema Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells. S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unrelenting itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the million! It has been doing it since 1891! S. S. S. is one of the greatest blood-cell builders, blood-cleaners and body builders known to us mortals! When you put these facts together—then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and in a few days the itching stopped. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

## PRIZES AWARDED TO SCHOOL CHILDREN IN MUSIC CONTEST

Crisp, new dollar bills were awarded to the three scoring highest in each of the fourth and fifth grades in each city school building and to the three scoring highest in each Junior High School, this week, finishing the preliminaries to the music memory contest.

Prizes were made possible to the children of the city schools through the courtesy of the following organizations:

Woman's Music Club, Business Woman's Club, Junior Woman's Club, Woman's Sunday School Class of the First Methodist Church, Kiwanis Club, Elks' Club, and Rotary Club.

Through the clubs' generosity it is possible to give also a prize of five dollar gold piece to each of the three winners in the city schools who represent Xenia at the state contest in Columbus, Saturday, April 28.

The group of five to represent their grades at the county contest Saturday are as follows (the first three in each group were prize winners at the preliminary grade contests this week):

Lincoln—Grades 5 and 6, Allena Howard, Blanche White, Mary Allen, William Garrett, Flora Gaines.

Lincoln—Junior High School, Eleanor Gaines, Odie White, Viola Woods, Marthart Peters, Hallie McCormick.

Spring Hill—Grades 5 and 6, Thelma Mahmeister, John Hurley, Dena Watkins, Thomas Davis, Elizabeth Spahr.

McKinley—Grades 5 and 6, Eloise Manor, Emily Dean, Paul Bottorf, Lester McCoy, Charles Randall.

McKinley—Junior High, Helen Street, Lonna Bales, Mildred Fudge, Lois Street, Leighou Little.

Central—5 and 6, Lucy Stout, Betty Kingsbury, Hugh Espey, Rose Ann Woolary, Robert Crawford.

"The finest thing about this preparation is the development of a love and knowledge of beautiful music and an appreciation of things in life that are beautiful. One is unintelligent if he cannot appreciate the fine and beautiful things about him. The children have thoroughly enjoyed the study of this list of thirty of our best musical compositions," said a school instructor, Friday.

Much credit is given to the teachers, who all-day drilled the pupils for the contest, also to the following who generously gave of their time to play at the preliminary contests: Miss Doris Meahl, Mrs. Alice Ruthrauff, Miss Eva K. Johnson, Miss Stella Bishop, Miss Theda Downing, Miss Irene Parrett, Miss Mary Noble, and Miss Janetta Rankin.

The county contest will take place at McKinley auditorium Saturday afternoon at two thirty o'clock. An admission charge of 25 cents will be charged those attending, who are not contestants, performers, or those who will mark the papers.

## RECEIVES WORD OF DEATH OF SISTER

W. B. Clark of Clifton, received word Thursday of the death of his sister, Mrs. Mary Koons, formerly of Clifton, which occurred at her home in Covington, Ohio, Thursday morning.

Mrs. Koons had been ill for several years, an attack of pneumonia causing her death. Mrs. Koons formerly resided in Clifton, when a young girl, residing with her family in Covington, for the past several years. Besides her husband, Mrs. Koons is survived by two daughters, and two sons, at home, and two brothers, W. B. Clark of Clifton, and Alex Clark, of Montana.

Funeral services will be held Saturday afternoon at one o'clock at Covington, with interment there, Mr. and Mrs. Clark and son, Clyde Clark, will attend the services.

## MOUNTED OFFICER KILLED IN FALL

Cleveland, O., April 20.—Death of Patrolman Samuel Kilbane, who died last night after his skull was fractured in a fall from his horse, was caused by a defective spot in the Woodland avenue pavement, police officials said today.

Kilbane's fall came when his horse bolted, and hit another police horse. The policeman was thrown head first to the ground. Patrolman Kennedy, on the second animal, had his ankle fractured as well as suffering other injuries.

## IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Men-tho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Men-tho-Sulphur at any drug store.

## NOT ANIMAL TRACKS—THEY'RE SHARK JAWS

Mitchell Hedges is shown here with Lady Richard Browne, a fellow passenger on a liner from South America. Mr. Hedges has just completed a two years tour of exploration into sections of South America in which no white

man had ever before set foot. During the trip he made seven new world's records for catching big fish. In the above photograph he is showing some of the record breaking sharks' jaws which were part of his catch.

## 105 WARS FOUGHT IN 147 YEARS BY UNITED STATES, MOST PEACEFUL OF POWERS

Washington, April 20.—One hundred and five wars in 147 years—that is the military record of the United States, the most peaceful of all the great powers.

Secretary of War Weeks made public these startling figures. He has a two-fold reason: First to demonstrate that the average American has little knowledge of the history of his nation, and second, to hammer into the public the necessity for preparedness.

Here is the list of "wars," or the occasions upon which the military forces of the United States have been called to active service against a hostile force:

1775, The Revolution; 1782, Wyoming Valley Insurrection; 1786, Shay's Rebellion; 1790, Northwest Indian War; 1791, Whiskey Insurrection; 1798, War with France; 1799, Fries's Rebellion; 1801, Tripolitan War; 1806, Burr Conspiracy; 1806, Sabine Expedition; 1807, Chesapeake Bay Affair; 1808, Lake Champlain Affair; 1811, Northwest Indian War; 1812, Great Britain; 1812, Seminole War; 1813, Peoria Indians; 1813, Creek Indians; 1817, Second Seminole; 1818, Yellowstone Expedition; 1823, Blackfoot Indians; 1827, Lefevre Indian War; 1831, Sac and Fox Indians; 1832, Black Hawk War; 1832, South Carolina Nullification; 1833, Cherokee War; 1834, Pawnee Indians; 1835, Third Seminole; 1836, Second Creek Indians; 1837, Osage Indians; 1838, Heatherly Indian War; 1838, Mormons; 1838, New York-Canada Frontier; 1840, Doniphan's Mexican Expedition; 1848, Mexican War; 1846, New Mexican Expedition; 1848, Cayuse War; 1849, Navajo; 1849, Comanche Indians; 1850, Pitt River Expedition (California); 1851, Yuma Expedition; 1851, Utah Indian; 1851, Oregon and Washington Indians; 1855, Snake Indians; 1855, Sioux Indians; 1855, Yakima Expedition; 1855, Cheyenne Indian; 1855, Florida War (Seminoles); 1856, Kansas Border Troubles; 1857, Gila Expe-

dition; 1857, Sioux Indians; 1857, Mountain Meadow Massacre; 1857, Utah Expedition; 1858, Northern Indian Expedition; 1858, Puget Sound Expedition; 1858, Spokane Indian Troubles; 1858, Navajo Expedition; 1858, Wichita Expedition; 1859, Colorado River Expedition; 1859, Pecos Expedition; 1859, Antelope Hills Expedition; 1859, Bear River Expedition; 1859, San Juan Imbroglio; 1859, John Brown Raid; 1859, Cortina Troubles; 1860, Pah Ute Expedition; 1860, Kiowa and Comanche Indians; 1860, Carson Valley Expedition; 1860, Navajo Expedition; 1861, Apache Indians; 1861, Civil War; 1862, Indian Massacres (Minn.); 1862, Sioux Indians; 1863, Cheyenne War; 1865, Northwestern Indian War; 1865, Fenian Raid; 1867, Mexican Border Indian War; 1868, Canadian River Expedition; 1871, Yellowstone Expedition; 1871, Fenian Troubles; 1872, Yellowstone Expedition; 1872, Modoc Campaign; 1873, Yellowstone Expedition; 1874, Indian Territory War; 1874, Black Hills Expedition; 1875, Nevada Expedition; 1876, Sioux War; 1876, Power River Expedition; 1876, Big Horn Expedition; 1876, Sioux War; 1877, Nez Perces Campaign; 1878, Ute Campaign; 1878, Snake Indians; 1890, Sioux; 1891, Mexican Border (Tin Horn War); 1895, Bannock Indian Trouble; 1898, Spanish-American War; 1898, Chippewa Indians; 1899, Philippine Insurrection; 1900, Boxer Insurrection; 1912, Nicaraguan Expedition; 1913, Haitian and San Domingo; 1914, Vera Cruz; 1916, Punitive Expedition in Mexico; 1917, Germany.

The Secretary of War failed to mention the calling of Federal troops in a number of labor disturbances at Gary, Ind., in the West Virginia mine fields and several other points.

An adequate military establishment does not inspire war any more than a good police department inspires violations of the law, the Secretary pointed out.

## DONAHEY VETOES GET ATTENTION OF LEGISLATURE

(Continued from page 1.)

Governor Donahey today announced that he had vetoed the McNamara bill, providing that voters in line in front of the polling place at 5:30 p. m. when the polls close, shall be allowed to vote, the Bragg bill authorizing boards of education to insure children being transported by truck, and the McDonald bill, permitting cemeteries to be located within one hundred yards of a dwelling house in a tract of 200 yards, as the present law provides.

To date the governor has vetoed 30 bills within seven of the record established by former Governor Cox. Governor Donahey also announced today that he had signed the Lipp bill, providing that hearings for complaints or protests decisions by the state utilities commission may be conducted in the community in which the cause of action arises and requiring the commission to file written opinions in all decisions. This measure, embodying recommendations of the governor was introduced and passed late in the session under a suspension of the rules. The governor also signed today the following bills:

By Burke, to harmonize the tax listing day of corporations with the statutes prescribing the manner in which assessments must be made; by Albaugh, relating to the consolidation of railroads and the rights of non-assenting stockholders of constituent companies, and by Lipp, providing for the nomination of members of school boards by petition only.

In vetoing the McNamara bill, the governor said he did so "because it spells delay in getting election returns; because it invites negligence on the part of the voter and because it would lead to fraudulent practice in the hurried hours of falling night."

The governor said, that while he was reluctant to veto the Bragg bill, he did so because, "in the first place the bill is probably unconstitutional, in that it permits the school board to insure a certain class of children while there is no provision as regards other children attending the same school."

"Insurance will not prevent accidents, in fact it tends to put a premium on negligence," the governor said. Donahey expressed the opinion that the subject of insuring children should be left to parents, rather than school boards. In vetoing the McDonald bill, the Governor said, that in the interest of the health of the living, and since there had been no change in our manner of living and certainly no change in the methods of burial of the dead, he could not see his way clear to sign the bill.

Columbus, April 20.—Governor Donahey announced two more vetoes, bringing the total number of bills disapproved up to 23. These include the three taxation bills vetoed Wednesday. The latest vetoes are the Van Wye bill, creating a state art commission, and the McNamara measure, requiring the secretary of state to furnish boards of election with uniform certificates of election. With regard to the latter the governor avers that it would add "a new and unnecessary section to our already overburdened code, because it would add to public expense and because there is ample statutory authority for the furnishing of certificates of election."

Among the bills approved are the quartet of "equal rights" measures, sponsored by the National Women's party. They are: By Senator McCoy of Mahoning, making the age of majority for both women and men 21 years; by Senator Garver of Holmes county, providing that the voting residence of a married woman shall be determined in the same manner applicable to single women; by Senator Maude C. Watt of Cuyahoga county, giving mother and father equal rights in the guardianship of minor children, and by Senator McCoy, requiring women as well as men to obtain consent to marriage unless they have reached their twenty-first year.

## Among The Churches

**CHRIST EPISCOPAL CHURCH**  
Sunday School at 9:15 a. m.  
Holy Communion and sermon at 10:30 a. m. by the Rev. W. A. Thomas, of Point Hope, Alaska. Since the Rev. Mr. Thomas is a former rector and has made a special effort to be here, the largest possible attendance is urged.  
Meeting of Young People's Society at 6:30 p. m.

**FIRST BAPTIST CHURCH**

## STREET PARADE WILL HERALD OPENING OF SPRING FESTIVAL

Everything will be in readiness for the Spring Festival and Mardi Gras to be given at the Rink under the joint auspices of the Xenia Council, No. 140, Daughters of America and Xenia Council, No. 87 Jr. Order United American Mechanics, when the doors open at seven o'clock Saturday evening.

As a fitting opener for the celebration the committee has arranged what promises to be a monster street parade. The parade will form at seven o'clock at the Rink headed by the Cadet Band from the Ohio Soldiers' and Sailors' Orphans' Home and will pass over the principal downtown streets. About 50 automobiles have already been volunteered to participate and several other local organizations take part. The paraders will carry red and green lights.

Some well-known vanderbilt entertainers are included on the list of entertainment during the big party at the Rink. The program of professional entertainment will include slack wire performance, the Aerial Butters in their original tooth butterfly act with a splendid wardrobe, Allen and Lee who have won the name of the best upside-down duo on the Keith Circuit, a tumbling team that is well rated, the Oxford Tumbling Trio and Joe Dewitt in his "something new and different."

An added attraction will be the exhibition drill by the degree team of the Daughters of America Lodge of Springfield and it is expected that Bushnell Council, Jr. O. U. A. M. of Springfield will also present an exhibition each night. Both teams have won honors in their exhibition degree work a number of times.

Dancing will be a final diversion of the evening, and three orchestras will keep the dancers busy. Masque dances will be the rule Tuesday and Thursday nights. Decorating was started Thursday morning and it is expected to require three days to complete the decorations for the opening Saturday.

An admission fee of ten cents will be charged at the door and the vanderbilt and other entertainment will be free.

## THEATERGOERS ARE INTERESTED IN SHOW

Theatre goers of Xenia are interested in the announcement that the Shannon Players including their Orchestra will be here Saturday.

Excellent plays will be presented. Some classy vanderbilt numbers will be introduced as usual.

The play this season is "Civilian Clothes" one of the most popular plays ever written.

In one of the large cities in North Carolina where the company played during January and February, one manager after seeing the opening performance of "Civilian Clothes," said it was better than most of his two dollar attractions.

Seats at City Hall Theatre. Phone 1639.

## LOSES SHEEP

Mr. David Bradfute, of near Cedarville, lost eight pure bred Merino sheep Tuesday, the animals dying from forage poisoning thought to have been due to eating spoiled corn. The animals were being fed on corn from the shock and it is supposed they got some spoiled ears. Four other animals were also poisoned but recovered.

## WALES GETS OVER IN SAFETY

The Prince of Wales some times gets his horse over the jumps without falling. Here he

is shown taking a water jump in the Welsh Guards race, at Grafton, in which he finished fourth without getting a single spill.

## SLEEP WITH HEAD TO NORTH NECESSITATE GOING TO BED WITH COMPASS

A popular advertisement of a youth retiring with a candle, will have to be changed.

Going to bed with a compass will have to be the rule if the advice of Dr. Thomas T. Theron, of London, is to be accepted literally and acted upon.

Dr. Theron, in a lecture in New York City, has said that in order to assure perfect health, one should always sleep with the head to the north.

Why the geographical position should have anything to do with health was evidently not explained by the eminent physician. His suggestion however, impressed a hard-ship. After the light is turned out and the window pried up the usual two inches, one must wrestle with the ostermoor and brass frame work with the aid of a couple of Boy Scouts, an astrologer and an engineer.

Having acquired the correct position according to the compass, with the head pointing to the north, the feet pointing to the picture of the "Rock o Ages" on the south wall, the nose being governed in its directions by its type, shape and degree

of regularity, one hand holding a bottle of smelling salts and the other a hot water bottle, one must be pinned in between the covers to keep from galloping off on a nightmare and waking up with one's head at the foot of the bed and one's feet under one's chin, and thereby losing all of the good effects of the geometrical, astrological and geographical reclining position.

Dr. Theron's statement drew a laugh from a couple of Xenia physicians Thursday. "You ought to try that one out on yourself," one physician told the interviewer. "What would a poor fellow bobbing about on an ocean liner do for his sense of directions?"

"That's something else," said another physician interviewed. "It seems to me the main idea is to go to sleep. If you can do that well don't worry about your directions. You'll wake up in the same place anyway."

## STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds.

## SECRETARY SUES ALICE ROBERTSON

Muskogee, Okla., April 19—The trials and tribulations of the only man who ever served in the capacity of secretary to a woman member of Congress in American history are to form an interesting chapter to the already interesting life of the national capital, judging from the preparations that are being made to produce evidence in support of Ben F. Cook's suit for \$25,000 damages, for alleged slander, against Miss Alice Robertson, who retired as one of Oklahoma's representatives in Congress March 4.

The suit, which was filed in Washington recently, grows out of the alleged charge by Miss Robertson that Cook, while her secretary, sold her automobile and appropriated the funds for his own use.

Behind the suit, friends of Cook say, is an interesting story of a disagreement that existed between the secretary and Miss Robertson many months before Miss Robertson was retired from Congress by the voters of Oklahoma. The disagreement was over financial matters, it is claimed. Cook claiming that Miss Robertson had not paid him the salary which she had agreed to pay. There were numerous attempts on Cook's part, according to his Muskogee friends, to adjudicate the matter, which failed.

### ADmits SELLING CAR.

Cook admits selling Miss Robertson's car but claims he had her authority to do so. Upon receiving an offer for the machine, he claims, he advised Miss Robertson at Portland, Oregon, where she was visiting of the offer and she telegraphed her acceptance, Cook says. The car was sold for \$382.50, which Cook says he deposited in the bank to his own credit and gave Miss Robertson credit for that amount on an indebtedness he says she owed him.

The former secretary claims he will prove that the former Congresswoman accused him of selling the car without her authority and with embezzling the proceeds of the sale. He also charges that Miss Robertson promised him \$250 a month as salary, although for expediency's sake and with the full knowledge and consent of Miss Robertson he says he certified his name on the Government payroll for \$203.33 a month.

### SALARY SHORT, HE SAYS.

The balance, he claims, was never settled, although he frequently attempted an adjustment, and he also paid some of her personal accounts and office expenses from his own purse. On Miss Robertson's trip to Muskogee in the Summer of 1922, Cook says he loaned her \$100 when he alleges she pleaded: "Ben, I'm broke, can't you let me have \$100 to get back home?"

Following Miss Robertson's return to Muskogee, Cook says, he wrote her suggesting that each appoint an arbitrator, the two to name a third who should hear his story and Miss Robertson's story for the purpose of rendering a judgment on the financial disagreement which Cook alleges to have been the difficulty between the two. Miss Robertson replied, he says, that she would discuss the matter with him on her return to Washington but that she never did. Cook attempted to obtain an agreement with her, he says, the day she retired from Congress. Walking out of her offices, he declared she snapped him off with: "No, I don't want to be bothered with you; you've made my life miserable."

# EASTERN MARKETS ARE PATRONIZED BY XENIA BUYERS

If you walked into a ready-to-wear shop, and asked to see a smart frock, and the saleswoman showed you exactly the model you wanted, and her remark preceding yours, "I'll take it" was: "This gown was made in Indianapolis,"—what would you do?

Are you one of the stickers for Parisian or at least Eastern-made goods? As far as dresses, hats, and wraps are concerned, Xenia ready-to-wear buyers have found local female shoppers to be so inclined.

As a result, the majority of Xenia's fashions, purchased complete from manufacturers come from eastern markets, particularly New York City. The reason? Perhaps only a woman's notion of the right styles and where to secure them. Some Xenia buyers have confessed that they have found the New York and eastern models more attractive, better priced and easier to sell.

Perhaps it is just because they think there's a little nearer Paris, is the reason one Xenia buyer gives for woman's partiality to New York models. The large selection, and competition that brings out only the best, of the larger eastern manufacturing plants, and shops is another reason for the stability of those markets, according to buyers.

Xenia ready-to-wear stores have not entirely boycotted other markets outside of New York City, but also purchase from Philadelphia, and Cleveland. An easy following for an almost uniform model for each season has led all markets to produce similar types of styles, which are of equal value, and popularity, say local buyers.

The styles reach the most provincial communities by the way of fashion papers, newspapers, and magazines, and give access to the late dictates of Dame Fashion, for womankind who cannot reach the up-to-date markets.

As for men's outfitting, their suits, coats, hats, and caps come from New York and Chicago markets, the local buyers making regular sojourns to these markets to secure their stocks. Shoes are purchased from traveling representatives of factories over the country, particularly from the east.

## GIRL SCOUTS WILL COMPLETE 1 COURSE

The Girl Scouts will finish a course of instruction on the making of a hospital bed, at the Red Cross rooms Saturday morning, under supervision of Red Cross officials. The course was begun last Saturday, at the Red Cross rooms, following the regular scout meeting. The Scouts will meet Saturday morning at 8:45 o'clock, at the American Legion rooms.

The troops are making arrangements for a play to be given soon, the first rehearsal for the offering, being held last Saturday morning.

## Mayor's Daughter Sponsors New U. S. Cruiser

Mrs. John W. Haulenbeck, Jr., daughter of Mayor Frederick W. Donnelly, of Trenton, New Jersey, has been selected as sponsor for the new U. S. scout cruiser Trenton, to be launched at the Cramp Shipyards, near Philadelphia, on April 16. The cruiser is 550 feet long, and its 90,000 horsepower will drive it along at 35 knots.

### EAST END NEWS

\*Middle Run Baptist Church—W. C. Allen, Pastor, 10:45 a. m. Theme: The Lawgiver and Liberator. The second sermon on great Bible characters.

Third Baptist Church—A. McClintock Howe, Pastor. The Bible School will meet at the usual hour 9:30 a. m. H. W. Gales, Supt. At 10:45 a. m. worship and sermon. Theme: "The Throne of God and the Lamb." B. Y. P. U. Mrs. Elizabeth Simms, President, will meet at the regular hour, 6:30 p. m. This service will be under the auspices of group number four, Mr. Nash Walker, leader.

7:45 p. m. worship and sermon. Theme: "Symbols of Tongues, Wind, in the Descent of the Holy Ghost or the Day of Pentecost."

Sunday, "Family Day," at St. Johns A. M. E. Church, 7:30 P. M. "An Evening at Home," with St. John's Special musical and literary numbers. Monday night church conference.

We wish to thank friends for their kind assistance during the illness and death of our daughter and sister, Mrs. Lavinia Allen and also Rev. Howe and Rev. Young for their kind consoling words. The third Baptist Church for songs rendered also friends for the beautiful floral offerings, and Mr. J. C. Johnson for efficient service. Mrs. Mary Estridge and family.

Mrs. Clara Newsome Nance, 21, died at the home of her mother, Mrs. Emma Williams, on East Market St., Thursday morning at 9:45 o'clock. Mrs. Nance had been in failing health for the past several weeks and

had been brought to the home of her mother from her home near Wilmington, where she and her husband, William Nance, resided, a few days before her death.

Besides her mother and husband, two sisters, Mrs. Janie Winslow, and Mrs. Edna Lee, both of Xenia, survive. Mrs. Nance was a member of the Third Baptist Church, this city. Funeral services will be conducted from that church, Saturday afternoon at 1:30 o'clock, with interment at Cherry Grove.

Miss L. J. Payne, East Market St., was the guest of friends in Middletown, Friday.

Mrs. Charles Lockett, of Springfield, was in attendance at the funeral Thursday of Mrs. M. E. Hendricks.

Mr. Zacariah Williams, of Crawfordsville, Ind., died at the home of his son in law and daughter, Mr. and Mrs. William Hart, of East Church Street, Wednesday. He had been with Mrs. Hart since last September. The remains were taken to Crawfordsville, where the funeral service will be held. The family accompanied the remains there.

## GARY OFFICIALS FACE SENTENCE ON BOOZE PLOT

Indianapolis, Ind., April 20.—When Mayor Roswell O. Johnson, of Gary, with fifty-four fellow townsmen, goes before Judge Ferdinand A. Geiger in Federal Court to-morrow to receive a sentence for conspiracy to violate the national prohibition law he will be the third Indiana Mayor in recent years to experience the sensation.

Donn Roberts, of Terre Haute, and Dr. Rollin Bunch, of Muncie, were the other two men who stepped down from their places as first citizens of their respective cities to begin serving time in Federal penitentiaries. The cases of all three are somewhat analogous, but not entirely so.

At any rate, the belief is growing that being Mayor of an Indiana city is fast becoming risky occupation.

The "good fellows" who do get elected don't always make the best executives, and the "hard boiled," "stiff necked" sort who might make good Mayors never get elected.

## RICH BACHELOR WANTS WIFE

"Many people have blamed me for not getting married. Since childhood I have suffered from stomach and liver trouble, never being able to get any medicine or doctor to help me. Now that Mayr's Wonderful Remedy has entirely cured me, I am anxious to get a wife." It is a simple, harmless preparation, that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Sayre and Hemphill and druggists everywhere.

Roberts and Bunch, however, were of a slightly different character and involved election contests. Johnson was convicted of "conspiracy" to violate the liquor laws.

Others to face sentence along with Johnson include the Sheriff of Lake County, William H. Olds; City Court Judge William M. Dunn; Prosecuting Attorney Dwight M. Kinder, former Sheriff Lewis E. Barnes, former Prosecuting Attorney Clyde Hunter, many prominent politicians, lawyers and a still larger list classified by the Government as "common bootleggers."

### MUNICIPAL SHAKEUP

If all of those under conviction should have to serve time local government in Gary and Lake County will undergo some sudden changes. The Mayor, under the Indiana law, would be succeeded by the City Controller; the prosecuting attorney's place and that of the City Judge would be filled by appointments by the Governor, and the new sheriff would be selected by the Board of County Commissioners of Lake County.

The trial of the Gary men was one of the most sensational ever held here. Evidence showing "conspiracy" existed not only to defeat prohibition but to enrich and enhance the political power of a group of unscrupulous men was brought out. The day before the trial began Gaspare Monti, the Government's principal witness, was shot down in front of the Italian Club, in Gary. Later it was brought out that he had been a contributor of \$500 to the Johnson campaign fund under duress.

On the other hand, a man who in the future aspires to be Mayor of a city with a large foreign-born population is taking an awful risk, particularly if he expects to enforce prohibition, Mayor Johnson's friends claimed.

At any rate, the belief is growing that being Mayor of an Indiana city is fast becoming risky occupation.

The "good fellows" who do get elected don't always make the best executives, and the "hard boiled," "stiff necked" sort who might make good Mayors never get elected.

## FORMER RESIDENT OF COUNTY DIES

Relatives have received word of the death of Mrs. Anna D. Baldock, formerly of Greene County, which occurred April 16, at her home, 527 Tacoma avenue, Indianapolis, Indiana from pneumonia.

Mrs. Baldock was the daughter of William Dean, who resided east of Xenia and besides her husband, W. S. Baldock, she is survived by the following brothers and sisters, W. A. Dean, of Newton Falls, Ohio, Miss Lettie E. Dean, Charles S. Dean, and Mrs. Ed. Ballard, of Xenia. A number of other relatives in Greene County also survive.

Funeral services were held Wednesday, with interment at Crown Hill Cemetery, Indianapolis.

## HIGH SCHOOL GIRL SEVERELY INJURED AS AUTO OVERTURNS

Cristel Thomas, 14, daughter of Mr. and Mrs. A. Delmer Thomas, of the Stone Road, is in Espey Hospital suffering from concussion of the brain and other injuries sustained when the automobile in which she was riding turned over on Home Avenue, between the Robbins and Myers plant and the O. S. and S. O. Home entrance about five o'clock Thursday evening.

Her brother, Loren Thomas, and Homer Harness (son of Mr. and Mrs. Carl Johnson, of White Chapel, who owns and is driving the car, were unhurt beyond slight bruises. Miss Thomas was taken to the hospital unconscious and regained consciousness later. Dr. Paul Espey, attending physician, believes that she will recover from the effects of the injuries.

The children attend Central High School, and go to and from school in Harness' car every day. They were on their way home when the accident happened. Harness, who was driving, lost control of the machine when the steering gear locked, and the machine skidded to the side of the road and turned over.

Miss Thomas, who is a freshman at Central High was taken immediately to the hospital. Her brother and the Harness boy were able to go home.

## HIGH SCHOOL BONDS SOLD AT PREMIUM FOR NEW BUILDING

Bonds for the new Spring Valley Township Centralized High School, which will be constructed near Spring Valley, in the near future, were sold Thursday at Spring Valley, at a premium, of \$3,050, County Superintendent of Schools Aultman announced Friday.

The amount of the sale gives the Board of Education of Spring Valley Township, altogether \$68,050 to build the new High School. Bumpus-Hull and Company of Detroit, Michigan, were the winning bidders for the construction of the building. The bonds were sold for par with second interest to date, plus the premiums, with the interest on the bonds still accruing.

Mont Stephens of Dayton, architect, has been selected by the township Board of Education, for the work and his tentative plans accepted for the new building. The contracts will be let May 26, the construction of the building to begin shortly after that date.

The new centralized high school will be built on the road between Spring Valley and New Burlington, near the center of Spring Valley Township. The school will be of brick fireproof, construction, containing eight rooms, with a large auditorium, athletics floor, with all equipment, with a basement under the entire building.

The building will accommodate about 120 pupils, including the High School pupils from New Burlington, and Spring Valley. Plans for the new High School, place Spring Valley, as a first-class school district, according to County Superintendent Aultman.

Equipment and teachers for the new school, are now being secured, awaiting the completion of the building.

In the past, Spring Valley has ranked as a second grade school district, the school accommodations only affording the pupils three years at the Spring Valley High School, with the final year at Xenia High School. The new building will accommodate the pupils from New Burlington, and Spring Valley for the entire four years.

The two school buildings that formerly housed the pupils from New Burlington and Spring Valley, will be converted into grade schools, the new building to be used entirely as a High School, the pupils to be transported from their homes to the school.

## AIRPLANES ARE STILL SEEKING TO LAND FOOD

Continued From Page One

their allegedly perilous journey on a cake of ice.

Grand Rapids, Mich., April 20.—With one airplane speeding toward South Fox Island with provisions aboard for the relief of nine men and two women who have been facing starvation for several days, another planning to depart from here this morning, there was strong possibility that the isolated party would be snatched back from their rendezvous with death within the next twelve hours.

An airplane, fully equipped with provisions, left Checkerboard Field, Chicago, late yesterday, headed for the island. However, the plane was forced to descend here on account of darkness.

Due to the failure of Lieutenant Knis Whitehead, to reach the island yesterday in his army plane, another plane piloted by Lieutenant Russell Meredith was to leave Detroit today with relief for the stricken party.

**WOUND MAY PROVE FATAL.**  
Columbus, April 20.—James Scott, 23, of Peru, Ind., who was shot through the lung by Asa Davis, aged 82 of this city, is in a critical condition at Mercy Hospital and little hope is held for his recovery. Davis is held for investigation and will be so detained until a change in Scott's condition.

## Confederate Veterans Have New Leader

W. McDonald Lee, Commander-in-Chief of the United Confederate Veterans, at their convention in New Orleans.

## DONAHEY MAY BREAK VETO RECORD IN OHIO

Columbus, April 19.—If Governor Donahey keeps up his average for vetoing legislative bills he will break all Ohio records. He has disapproved 22 of the 257 bills passed by the assembly yesterday and there are more vetoes coming it was announced last night. Governor Cov vetoed 36 of the 419 bills passed by the eighty-third legislature, Governor Davis used the veto pen on only two bills passed by the eighty-fourth assembly.

## CLASS BANQUET OF BEAVERCREEK HIGH HELD ON THURSDAY

One of the most enjoyable occasions in the history of the Beaver Creek High School, was held at the Knights of Pythias Hall, at Alpha, Thursday night, when the annual junior-senior banquet was staged.

About sixty people, including the pupils of both classes, the faculty and the school board members attended the affair. The decorations of the lodge hall were effectively carried out with the colors of the two classes. A canopy was formed overhead of green and white, the junior class colors, while the corners of the rooms were converted into bowers of trees with imitation flowers of dogwood and red bud. The senior colors of pink and white predominated in the appointments of the tables, where green decorations with the class flower, premier roses, were used with pink and white candles in crystal holders at each place.

The officers of the two classes formed the receiving line. A four-course banquet was served by the women of the Beaver Reformed Church, the waitresses, being the girls of the Sophomore class of Beaver Creek High school dressed in white middie suits with green ties.

The program of the evening, opened with a series of toasts, the first being given by Stephen Stedman, president of the Juniors, who toasted the seniors. Edwin Brewer, president of the Seniors, responded with a toast to the Juniors. A toast "To the Teachers" was given by Miss Lillian Gilbert, the reply from the faculty being given by Fred Keeler. A vocal solo "Till for Tat" was given by Miss Celeste Hawker. A toast to the Girls' basketball team was given by Morris Moon, of the Senior Class, by which Miss Glands Faris, of the girls' team replied. The toast to the boys' team was given by Evelyn Anderson, to which James Miller responded. "To Our School Days" was the subject of a clever toast by Miss May O'Hara, of the senior class.

The following members of the faculty responded to impromptu speeches. Principal F. P. Sayrs, Miss Letitia Dillencourt, Miss Mary Wilgus, Mrs. Gene Fox, W. R. Sayrs, and Superintendent D. S. Lynn. The members of the Board of Education of the township, responding were Harry Ferguson, W. S. Shawhan, and George Hare. Several students of the two classes also gave short talks.

At the close of the program the entire company stood, joined hands, and sang "Auld Land Syne." Miss Bendine Bentz, presided at the piano during the evening.

**WAGE BOOST PLANNED.**  
Cincinnati, April 20.—An increase in wages of maintenance of way employees of the Big Four railroad has been decided on, it was announced by W. Newbarger, supervisor of the wage bureau of the road.

## VEHICLES MUST BE PROPERLY TAGGED SAYS POLICE CHIEF

People who have not yet obtained their vehicle or bicycle tags—People who run their automobiles with the cut-outs or mufflers open—People such as these were placed on the taboo list in a statement given out by Chief of Police M. E. Graham.

The time of grace allowed drivers of horse-drawn vehicles to obtain their 1923 licenses has expired. This is also true of the time which owners should obtain bicycle tags.

Starting Friday Police are instructed to bring in all dilatory offenders who have failed to comply with the city ordinance regarding obtaining license tags for all types of horse-drawn vehicles and for bicycles. The licenses may be obtained at the office of City Auditor T. H. Zell.

With spring springing about now, motorists are getting as full of pep as a bottle of modern hip oil. In order to spread the glad tidings of having taken their automobile out of hibernation they are running wild on the streets with the mufflers open at the throats and the engines caroling a blatant lay.

The next gasoline pilot who thus lets his motor sound off on the public highway will be captured in a net and taken before Judge E. D. Smith in Municipal Court, according to Chief Graham's orders.

## Styles BY LENORE

At a recent wedding of a popular young society woman at St. Thomas in New York, the bride wore a white satin gown that was bright with embroideries of scintillating glass beads. The gown was cut practically on chemise lines, the

beading arranged in horizontal borders. There was a long court train similarly embroidered. Although there were long, tightly fitted sleeves no doubt they, as well as the train, were detachable.

Another bridal gown, one that is suggested by an exclusive Fifth Avenue dressmaker, is also built on straight lines, but there is a semi-fitted bodice with the skirt gathered closely to it under a narrow band of pearl beads. The skirt is embroidered in a simple pattern traced with pearls, and is edged with a deep scalloped border of Georgette, which is used also for the beaded sleeves. The train is long and rounded, but without embroidery except for the heads around the edge.

## IF RHEUMATIC BEGIN ON SALTS

Says We Must Keep Feet Dry, Avoid Exposure, Eat No Sweets.

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids.

Rheumatism is caused by poison toxins, called acids, which are generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove body waste also to stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

## DUTCH QUEEN VISITS DANISH KING

Queen Wilhelmina, of The Netherlands, is shown with King Christian, of Denmark, riding through the streets of Copenhagen during a recent visit of the Queen to that city. Note the striking resemblance to the late Queen Victoria of Great Britain.

Hamburg Steak Balls  
Casserole Stuffed Potatoes  
Spinach  
Orange Salad  
Indian Pudding  
Coffee

After the Spring housekeeping every woman has the urge to buy, at least one or two new things to add the last touch of effectiveness to her clean home. Frequently the new thing she desires is a chair, or some other piece of furniture. But before she buys it she should ask herself whether an old piece would not do if it were refinished; or if she would not be just as well satisfied with a piece from a "second hand" store done over?

The refinishing of wood surfaces is not hard. This is how to go about graining and revarnishing old furniture, window "trim," or doors:—Sandpaper the old finish to make it smooth. It need not all be removed, so long as it is smooth. Then apply a coat of yellowish ground paint. Let dry.

The next step is "graining." This is done by applying a brownish graining preparation (covering only a few feet at a time) and running a quarter-round graining tool over this graining preparation while it is wet. The result will be wavy figures such as are seen in hard wood.

After you have grained the entire piece of wood, and let dry, a coat of varnish is put on, over the graining. The paint store which sold you the ground paint, graining preparation and graining tool, will also sell you the proper kind of varnish for woodwork and furniture—a thicker varnish than is used on floors. This is necessary, for a heavy varnish brings out the figure of the grain so well.

In varnishing woodwork a softer brush is needed than in varnishing floors. A woodwork brush has bristles which are not as stiff and heavy as a floor brush. For instance, a fitch or Russian ox brush will be found excellent for applying varnish to woodwork or furniture.

And now I want to say one last word to the housekeeper who takes her first step in refinishing wood: Be fearless! You can do as good a job as anybody if you will merely practise for a day on a surface that does not show (as a baseboard behind a large piece of furniture). My first piece of graining work was the top of a table—and my friends thought I had bought a new piece of furniture!

Tomorrow—Some Good Contributed Recipes

## CARS DAMAGED

No one was injured when a Hudson touring car, belonging to George Kimbro, 527 East Church Street, assistant manager of the Rosenwald Club, was struck by another machine, on East Main Street, near Trinity Church, Thursday morning.

Both cars were slightly damaged. The name of the owner and driver of the other car could not be learned.

## A PURITAN WIFE

By Jane Phelps

### CHAPTER LXIV

Morning was breaking. "For goodness sake, Ann, why aren't you in bed?" Dick's voice was cheery. "I expected to find you sound asleep." All his grouch was gone. Ann's attempt to break up his further intimacy with Grace had been a failure. His changed mood was probably due to his having enjoyed himself with Grace, and forgotten his wife entirely.

He evidently thought the incident closed, but Ann was still smarting under the chagrin of his refusal to do as she wished and said: "Don't you think you might have shown me more consideration to night, Dick?"

"Now, don't begin to nag, Ann. Grace said I'd get the devil when I got home, just because she wanted to come with us instead of Ned. What's got into you anyway, Ann? Can't you see a man doesn't want to be made a fool of, tied to his wife's apron strings? For heaven's sake, take that abused look off your face, and go to bed. If Grace can overlook your rudeness, you've no kick coming."

"Oh, Grace—Grace—Grace—I'm tired of her name! Dick tell me, what is it all leading to? How will it end? You are so changed, Dick, so different when she is here. She makes you forget you are married, that I am your wife, Jack your son. I'm afraid for you Dick—afraid for our home—for Jack. Give Grace up, Dick, don't let her dominate you any longer. It is hard to have to plead with you—"

"Damn a nagging wife!" Dick broke in. He had remained quiet from sheer surprise. That Ann, his meek sweet tempered wife, should tirade in this manner held him quiet before. "Once for all, Ann I won't stand it! I don't know what's got into you, but if you think your actions would keep me from anyone you're mistaken. You'd drive any man away. Now I'm going to bed. You can sit there as long as you want to."

Nora found Ann sitting in the same position, just where Dick had left her when she commenced to prepare the late breakfast.

Tomorrow—Ann Appeals to Grace.

**BRAKEMAN KILLED.**  
Columbus, April 20.—Richard H. Duhl, 23, of this city, freight brakeman, was instantly killed at Fiqua, O., when he fell under the wheels of a cut of boxcars, his body being severed at the hips.

## What's the use of a coat of arms without the Pants?

Some stores are afraid to advertise extra trousers because they think it will hurt their suit business.

BOSH—anything that is good for the customer makes friends for the store.

We stock Pants to match the old coat and vest you have hanging in the closet and to take the place of the ones you are wearing and fearing today.

Try us—you'll like our pants so well that later you'll be coming here for the whole suit!

## GOVERNMENT SEEKS TO REGULATE PRICES

### SUGAR ACTION INITIAL STEP IN LITIGATION

Administration Wants to  
Establish Right to Step  
Into Place

PRECEDENT IS FIXED

New York Exchange Will  
Fight Back in Effort to  
Save Business

Washington, April 20.—Federal action started in New York to stop gambling in sugar and bring prices down to a reasonable level was described today by administration officials as one of the most important pieces of litigation ever undertaken by the federal government.

Behind the government's blow at the sugar speculators is a more vital and far-reaching aim than the mere recovery of a few cents a pound on sugar, important as that may be. What the government is really aiming at, however, is the establishment of the principle that it has the right to step in and exercise partial regulatory power over the necessities of life whenever it considers the situation warrants. If successful in the injunction proceeding against the sugar exchanges of New York to prohibit trading in futures, the third and perhaps conclusive step in the accomplishment of this aim will have been taken according to officials.

The principle behind the government's action is based on the modern day industrial life as embracing food, fuel and transportation. Anything that interrupts public service and fair and adequate distribution of any of these three constitutes a public menace, wherein the government must act, according to officials.

In the Wilson administration, Attorney General Palmer used the injunction method against the coal operators and miners, last summer, Attorney General Daugherty used the injunction against the striking railway shodmen in the transportation crisis, and now the government has taken the third step by again bringing the injunction in to play in the sugar situation, thus completing the cycle of action affecting food, fuel and transportation.

Government officials are confident of success in the action begun at New York. They admittedly base their confidence to considerable extent upon the decision of the United States Supreme Court in holding constitutional the act regulating the trading grain futures, passed by the 67th Congress.

If the government is within its rights in regulating trading in grain futures, then it is also within its rights in regulating, if not prohibiting altogether, trading in sugar futures, according to the theory under which the government's legal experts are proceeding. In this connection, the step toward absolute elimination of the sugar exchange is the most daring ever taken by the government.

The sugar exchange, the government sets forth in its bill of complaint, "serves no useful or legitimate purpose," and thus could be abolished entirely without inconvenience to the public or to growers.

That the members of the exchange will fight back with every weapon at their command in order to save their businesses is conceded by the spokesmen for the government here. Ultimately, it is expected, the case will go to the United States Supreme Court, as was the case with the act relating the grain exchange.

Meanwhile President Harding received the tariff commission today to discuss its official finding that the present tariff law has had no effect in promoting the present high prices.

#### COUNTERFEITER SEIZED.

Toledo, April 20.—With the arrest of V. A. Winter, 49, a commercial printer, government secret service agents believe they have nipped one of the most extensive counterfeiting conspiracies ever practiced in this part of the country. Winter, according to police, has confessed to the illegal manufacture of several thousand postage stamps of the 2-cent denomination.

#### MILLERS CLOSE MEETING.

Columbus, O., April 20.—A. P. Hubbard, secretary of the National Federation of Millers, will speak at today's closing session of the Ohio Millers in convention here. Officers and directors are to be elected and the members of the association will participate in an open forum.

### WARNS U. S. BUSINESS AGAINST THE DANGERS OF OVER EXPANSION NOW

Cincinnati, O., April 20.—Dangers of over-inflation in credits and over-expansion of American business were stressed last night by Congressman Theodore E. Burton, of Cleveland, a member of the American debt funding commission in an address before the Business Men's Club.

Europe, with the possible exception of Great Britain, does not want advisors nor advisory committees from America to settle her affairs," said the former senator.

"She doesn't want fair minded judgment at this time; she wants partisans."

"I am compelled to say that present prospects in Europe are not encouraging to our exporters."

### POLITICAL MOVE AVERS COUNSEL OF FEDERAL SUIT

Sugar Exchange Official  
Declares Governments  
Position Illogical.

New York, April 20.—"A political gesture of no significance," was the estimate today of the New York Coffee and Sugar Exchange Inc., and the Sugar Clearing Association, of the government's suit to restrain the two organizations from further operations in sugar.

William Mason Smith, the exchange's counsel, said this morning the exchange "would be ready to defend itself" from the government's motion for an injunction when the matter comes up for hearing April 30. Defining the government's suit as a mere complaint, that the exchange "quoted figures of transactions in sugar and that these figures were telegraphed to all parts of the country and thereby affected the price of sugar," Smith declared that every exchange, "coffee, grain and stock, could be closed under the same argument."

"The fact that the attorney general has begun a suit does not mean his requests will be granted," Smith said. "It remains to be seen whether the judicial department of the government will do what the executive branch desires."

Officers of the exchange would make no statement, referring questions to the attorney.

Smith merely smiled at reports that the Department of Justice at Washington was considering criminal action against members of the exchange.

### RIOT IS NARROWLY AVERTED AS WORKMEN UNEARTH WHOLE QUART

Cincinnati, O., April 20.—Objects unearthed in the tomb of old King Tut may be interesting and valuable and all that sort of thing, but an object dug up in the heart of Cincinnati late yesterday aroused far more interest among the excavators.

Workmen digging a cellar at 3430 Burnet avenue found it. It was potted in bond in 1892—a whole quart.

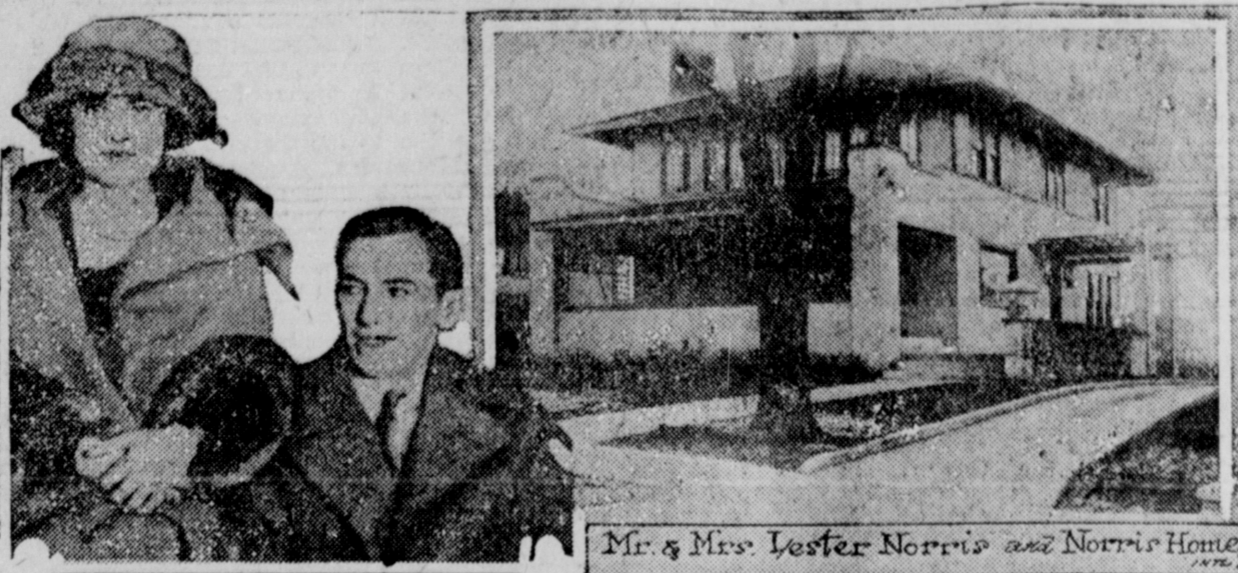

Building Commissioner George R. Hauser happened to be present, which averted a young riot.

As there was a law against transportation of liquor, but none against drinking it, the relic was consumed with ancient rites.

### PROHIBITION ISSUE AGITATES BRITAIN

London, April 20.—Prohibition for Great Britain was defeated in the House of Commons this afternoon by a vote of 236 to 14. The vote was taken upon E. Scrymgeour's dry measure when it was called up for second reading. Scrymgeour said that another prohibition action would be introduced later.

WORTH MILLIONS, SHE PAYS \$50 A MONTH RENT

Mrs. Lester Norris and Norris Home

Mrs. Lester Norris, who, before her marriage to Lester Norris, a Chicago commercial artist, was Miss Dolora Angell,

heir to \$30,000,000 from the estate of the late John W. ("Bet a Million") Gates, has taken this simple little home, for which she

pays \$50 a month rent, on Main Street, St. Charles, Illinois, and will live there after her return from her honeymoon trip to California.

### DONAHEY VETOES GET ATTENTION OF OHIO SOLONS

Legislative Leaders to Meet  
In Advance of Body to  
Discuss Plans

Columbus, O., April 20.—Legislative leaders are expected to meet early next week, in advance of the legislature itself, which is scheduled to return a week from today and discuss action to be taken in regard to the various bills vetoed by Governor Donahey.

The Anti-Saloon League and church forces are said to be organizing to bring about passage of the Gordon moving picture censorship bill over the governor's veto. Should Governor Donahey veto the Pinelock bill, providing for a prison sentence for women violators, who cannot pay their fines, the same forces are said to be prepared to petition the Legislature to repeal it.

The governor added to his list of vetoed bills by disapproving the bill creating a state judicial council, because, he said, it would establish a new state agency. The State Bar Association and voluntary associations of judges, he said, now serve the purposes sought by the measure explaining his veto of the bill by Mrs. Waitt, Cleveland senator, authorizing the sale of part of the lands of the Cleveland state hospital, the governor said provisions of the bill "are not definite." He also objected to an amendment providing for the use of proceeds of the sale of the land for building purposes.

(Continued on Page 5.)

### SAYS SMUGGLERS ARE OPERATING

London, April 20.—Heavily armed bands of hum runners are sailing frequently from the British ports, carrying whiskey to United States in defiance of the American law, it was charged today by Emanuel Shinwell, member of the House of Commons from Linlithgow, Scotland.

Shinwell, in an exclusive interview, with International News Service, said he had conferred upon the subject with Under Foreign Secretary Donald MacNeill, who recently announced in parliament that Great Britain contemplates intervention to assist the United States in ending rum smuggling from British to American territory.

### ASK DAMAGES FOR POISON LIQUOR

Cleveland, April 20.—Suit asking \$25,000 damages for the sale of alleged poison booze, was filed in common pleas court here today by Louis Klein against James Markovitz and his wife, Mrs. Emma Markovitz, who operate a sort drink parlor here.

It was said by court officials to be the first suit of its kind here, and perhaps in the United States.

### GERMAN WORKERS RAP FRANCE

Washington, April 20.—The French policy in the Ruhr and the attitude of the French government toward reasonable adjustment of the reparations problem are sharply criticized in a memorandum received by Senator Borah from representatives of the German working classes. France is charged by the workers with seeking destruction of the principle of self-determination.

### PLANE FROM WRIGHT FIELD WILL ASSIST

A DeHaviland plane from Wright Field, Fairfield, Greene County will be used Friday to make a second attempt to land food and provisions to the party of nine people said to be starving on South Fox Island in the northern part of Lake Michigan.

Following the crash of a Curtiss plane, attempting a rescue Thursday a ship from the local field was ordered to Mount Clemens, Mich., arriving Thursday night.

### AIRPLANES ARE STILL SEEKING TO LAND FOOD

Ships Forced Down When  
Attempting Rescue of  
People on Island

Mt. Clemens, Mich., April 20.—Despite information reaching here that the women and nine men reported starving on South Fox Island, isolated by northern Lake Michigan ice floes, have a six months supply of food, Lieutenant Russell Meredith left Selfridge Field this morning with provisions for the "starving" party.

Although convinced that his action will constitute a demonstration of the adage "bringing coals to New Castle," Lieutenant Meredith, just for luck, probably will drop some food on the island, said to be provided with at least three cases of beans, potatoes flour and other supplies.

Northport, Mich., April 20.—The reported plight of the nine men and one woman, said to be starving on South Fox Island in Lake Michigan, was regarded as a joke today, following the denials and conflicting stories told by Edward Horn, one of the three men who reached Northport from the island Wednesday night. Horn and two companions, Carl Cooper and Ellis Sayres, reached here after they said they had struggled for sixty hours in floe ice, losing a skiff and completing

(Continued on Page Ten.)

### DEMPSEY LIKELY TO MEET GIBBONS

Chicago, April 20.—Jack Dempsey, world's heavyweight champion pugilist, will positively defend his title July 4, his manager, Jack Kearns, announced in a telegram received here. The opponent remains to be decided, Kearns said. Kearns, who is in Los Angeles, telegraphed he had not closed with Tom Gibbons, the St. Paul heavyweight, for Shelby, Montana, on July 4, but negotiations were pending, and he planned to meet Mike Collins, representing the Montana promoters, here next week to consider the offer.

"I shall leave today for Chicago and New York to negotiate with New York, New Jersey and Cleveland promoters, as well as Mike Collins in Chicago," Kearns said.

Tom McGinnity, a Cleveland promoter, is negotiating for a Dempsey-Gibbons match.

### OIL OPERATORS STAND INDICTED

Fort Worth, Tex., April 20.—Nineteen oil operators, who, it is alleged, sold seven million dollars worth of oil stock to the American public, were indicted here today by the federal grand jury after a probe which began last November. All are accused of having used the mails to defraud.

Companies concerned in the indictments were capitalized for a total of three hundred million dollars and had disposed of stock to the amount of ninety million dollars.

The ranged from prominent in state and county affairs of Texas to comparatively unknown operators. Investors to the number of 2,500,000, it is charged by post office inspectors, were affected by the alleged frauds.

### MRS. A. W. COOK NEW PRESIDENT OF THE D. A. R.

Bitter Election Fight Precedes  
Announcement  
of Result

Washington, April 20.—Mrs. Anthony Wayne Cook, of Pennsylvania, has been elected president-general of the Daughters of the American Revolution, after one of the bitterest elec-

tion fights in the history of the society, according to reports about Continental hall this morning where the tellers worked all night tabulating the votes.

Her victory was described as a close one over Mrs. G. Wallace Hanger, of Washington, her only rival.

Formal announcement of the election results will be made later in the day.

### TO SERVE ON JURY

Several Greene Countians are among the names drawn Thursday to serve as jurors for United States District Court, at Dayton. They will serve on the federal grand and petit juries for the term commencing May 7.

The names include, James H. Andrews, Cedarville; Milo Anderson, Xenia; Christopher Dowling, Xenia; and Thomas C. Long, Xenia.

### FAMILY IS RESCUED.

Sandusky, O., April 20.—Mrs. Emma Cassidy, her sons, Robert, 7, and John, 5, and Miss Mary Beahrie, Mrs. Cassidy's sister, trapped on a stairway when their dwelling burned early today, were rescued by firemen. All were painfully burned, but will recover.

### ATTEND POLICE MEETING

London, April 20.—Sir William Horwood, head of Scotland Yard, sails for New York tomorrow to attend the international convention of police chiefs, at the invitation of Commissioner Enright of New York.

## ARMY OF UNEMPLOYED SEIZES MULHEIM AREA

### JAPANESE SCIENTISTS PRAISE INDEPENDENCY OF UNITED STATES GIRLS

Cincinnati, O., April 20.—Of course, her majesty the flapper, was bound to be noticed by the oriental visitors, when a party of Japanese scientists were guests at the University of Cincinnati yesterday.

Speaking last night for the party touring America under auspices of the Rockefeller Foundation, Dr. Kinnosuke Miura, physician to the emperor of Japan, and head of the party, praised the athletic and independent girls of the United States.

"What you call flappers are not unknown in Japan," he said, "but we have no slang term for them there. But the American flappers show discretion concerning their health by following scientific principles in dress, even if they are criticized. They are only accepting a tendency long accepted in Japan."

### EIGHT DEAD AND THIRTY WOUNDED IN RED RIOTING

French Troops Make No  
Attempt to Interfere in  
Disorders

TERROR GRIPS CITY

German Strikers Flock to  
Scene of Trouble and Join  
"Rebels"

Berlin, April 20.—Eight were reported dead today and more than thirty wounded in "red" riots at Mulheim. The French troops made no effort to interfere when communists seized the principal streets of the city and attacked the police.

Amsterdam, April 20.—Mulheim, the German city seized by a mob of three thousand unemployed workers, passed through a night of terror with outbreaks of shooting in the streets, according to word received here today. The total casualties were put at five dead, two fatally hurt and fifty wounded. Communists occupied the center of the town.

Rioters looted gun shops and opened fire upon the city hall where several hundred police were besieged. Leaders of the communists threatened to run up the red flag over city hall if it were taken.

A state of siege exists at Mulheim. Large numbers of German strikers flocked into the city during the night and joined the "rebels."

### HEAD OF GERMAN FASCISTI BELLIGERENT

Berlin, April 20.—In a remarkable telegram from Munich, in answer to a request for a statement, Adolf Hitler, leader of the German fascists, makes the first direct public announcement that he will not submit to the special high court of Leipzig. Hitler endeavors to compare the Bavarian-Prussian conflict with George the Third's attempt to order American colonists to London for trial in the days of George Washington. Hitler says: "The so-called German special federal high court for the protection of the republic is in reality an institution of the party government of the moment at Berlin. Therefore, it is not composed of judges, but of political representatives of the momentary majorities. In every other country such a tribunal would be a mockery upon the normal procedures of justice, and therefore impossible. Bararia is not a colony of the Berlin Bolsheviks."

### THREE KILLED AND 12 HURT IN BLAST

Chicago, April 20.—Three persons were killed and twelve injured here today in an explosion at the plant of the Corn Products Refining Company, at Argo, near here. Ambulances were rushed to the plant.

### SIEGE OF KERRY CAVE ENDED.

Dublin, April 20.—The siege of the Kerry Cave has ended. Three of the irregular occupants of the hidden cave which has been worrying the Free state forces for several days, were drowned when they were caught in the ebbing tide while trying to escape in the darkness. Commander Lyons of the seven irregulars, who used the cave for a fort, was killed by the troops while trying to escape. Three survivors, including an Englishman named Walter Stephens, of London, were captured and taken to Tralee.

### MURDER MYSTERY UNSOLVED.

Canton, O., April 20.—A special grand jury, called in response to public demand to reopen investigation of the murder of Dr. O. C. Walker at Alliance in 1921, reported no indictments and was dismissed. The failure of this, the third, grand jury investigation only deepens the mystery of the slaying of Dr. Walker, who was called out in the night by a false sick message and shot to death.

### PASSENGERS ON TRAIN SHAKEN UP IN CRASH

Two Firemen Hurt in Small  
Wreck Near Toledo,  
Ohio

Toledo, O., April 20.—Two firemen were hurt and passengers on a crowded northbound Pennsylvania passenger train were shaken up here today when the train collided with a yard engine on the B. and O. bridge at Utah Street. Neither engine left the rails.

One of the firemen sprained his ankle when he jumped from the cab. The other Howard Remeck, fireman on the yard engine, was caught under several tons of coal as the engines crashed.

Engineers in both cabs, seeing collision inevitable, applied the air brakes and thus averted a serious wreck.

### DANCING RECORD IN OVER 90 HOURS

Cleveland, O., April 20.—Having been crowned late last night as the favorite daughter of Terpsichore, Miss June Curry, 23 year old Cleveland waitress, was wrapped close in the arms of another ancient god—Morpheus—today, following her record dance of 90 hours and 10 minutes, eclipsing all records, and probably establishing an all time record for Cleveland, as it has been announced that no more marathon dance contests will start here.

"I haven't any plans," Miss Curry said as she left the floor, "but I guess I won't go back to 'slinging hesh.' I've already received several attractive offers."

The marathon dance champion weighs 165 pounds.

Several of the marathon contestants, including one of those crowned as "queens for an hour," lost their jobs as a result of their devotion to the dancing goddess.

### DAWES TO BECOME U. S. COMPTROLLER

Washington, April 20.—It was officially announced at the Treasury Department today that Henry M. Dawes, of Chicago, would become controller of the currency on May 1. He will succeed D. R. Crissinger, of Marion, Ohio, who will become governor of the Federal Reserve Board.

#### RETAIN EXAMINATIONS.

Columbus, O., April 20.—The faculty of the Ohio State University has voted to retain final examinations, but has decided that at least a two-hour period must be devoted to the tests. The administrative council was directed to work out a schedule for the examinations and it is expected that several days at the end of each quarter will be devoted entirely to written tests.

# STORY OF "FAUST" TOLD TO MEMBERS OF WOMAN'S CLUB

The romantic story of "Faust," the work of Goethe, was told in a charming manner by Mrs. Charles Kummer, of Dayton, before the members of the Club, of this city, at the regular monthly meeting held at the Knights of Pythias Hall, Thursday evening.

Mrs. Kummer called her talk, "An Interpretation of Life from a Great Book," and interspersed her story of the opera with incidents to illustrate her story. Mrs. Kummer is a worker for the Young Woman's League of Dayton, and is well known as an authority on current events.

Her talk was the chief feature of the program following the dinner served the club members by the women of St. Bridget's Church. Covers for about seventy people, were laid at prettily decorated tables, decked with spring flowers. Following Mrs. Kummer's talk, the meeting was devoted to a discussion on business. The matter of sending delegates to the State and National B. P. W. Club meetings, is being considered by a committee of club members. The national convention will be held in Portland, Oregon, July 9-14, the state session to be held in Columbus, May 30.

The Misses Elsie Weber, Florence Swan, and Alice Whittington, were hostesses at the Thursday evening meeting.

## Millionaire Husband Is Sued for Divorce.

Mrs. Lillian Waitt, of Newton, Massachusetts, has filed suit for divorce from her husband, Albert H. Waitt, millionaire son of the late H. A. Waitt, cigar manufacturer. She charges that when she made a trip to New York that displeased him, he broadcast the news of his disagreement from his radio station. He countered with a cross-bill, charging her with infidelity and intoxication.

## LUXURY BUSES FOR ARIZONA'S APACHE TRAIL

Phoenix, Ariz., April 20.—Automobile passenger transportation passed into a new era in Arizona this week when two 13-passenger buses were delivered to a local transportation company for service between Phoenix and the Globe-Miami mining districts. More excitement was caused here when the new coaches, the last word in the automobile industry, paraded through the streets than when the first aeroplane passed over Phoenix only a few years back.

The massive cars, beautiful in design and built to stand the demands of passenger service over the mountainous Arizona roads, rolled along the streets, responding readily to the will of their drivers, as thousands of natives and health seekers from all over the United States gaped in wonderment.

B. H. McAhren, manager of the transportation company, demonstrated the easy control, power, and comfort of the new buses, driving over rough dirt roads and unpaved highways. "The finest Pullmans do not ride with any more comfort than the new coaches that will be put into service between this city and the Globe-Miami mining district."

Nothing has been overlooked in the mechanical and construction design of the new cars to make auto travel, which has gained great popularity in this district in the last few years, a real pleasure. Electrically lighted throughout, automatic signal devices, powerful headlights, automatic governor to regulate the speed of the engine, hot and cold controls, and all manipulated from the driver's seat, which is set apart from the passenger's compartments.

One section of the coach is partitioned off for ladies, and a smoking room for men is in the rear. Large, roomy seats in each compartment give the bus every appearance of a massive railroad Pullman. Heaters are in each compartment for winter use, and ventilators on the roof, regulated by the driver, assure passengers' comfort in the summer.

McAhren has regulated the governors of the four-cylinder engine, which develops 60 horsepower, to a speed of 30 miles per hour, insuring comfortable riding.

The new buses will eliminate the rough stagecoach trip between the Salt River Valley of Phoenix and the mining camps of Globe and Miami.

Ignace Jan Paderewski, noted pianist and a group of Eastern capitalists, who have been visiting Roosevelt Dam and the Salt River Valley of Arizona, were the guests of McAhren on a trip over the famous Apache trail in the new buses and expressed keen delight at the easy riding and the scenic beauty of the mountain roads.

## THIS PURE CREAM ENDS HEAD COLDS

Apply in Nostrils—It Opens Air Passages Instantly

Colds and catarrh yield like magic to soothing, healing antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely. Hawking and snuffing stop. Don't stay stuffed up and miserable.

Get a small bottle of Ely's Cream Balm from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years.

## FINANCIAL CRISIS IN GERMANY GETS LEADERS' ATTENTION

Berlin, April 20.—The German government needs to be argu-eyed these days to watch the danger signals that are flashed from all directions.

German attention must be focused on the intensified French aggression in the Ruhr, a strict lookout must be kept for dangers arising from the government's failure to hold the mark steady and at the same time one eye must be kept on the threatening attitude of Poland, the third disturbing factor on the political horizon.

Anti-German agitation in Upper Silesia, according to dispatches, has assumed dimensions recalling the rising of the Polish insurgents in 1921. The streets of Katowitz are filled with French officers and General Leclercq, who is alleged to have supported the Polish insurgents of 1921, is continually en route between Krakow and Katowitz. General Poch and General Weyand, the latter the organizer of the Polish army, are also in the field. A systematic effort is being made to convince the population of Poland that the country is threatened with imminent danger from the outside.

Deputy Hertz, Socialist, declared in the reichstag that the reichsbank has lost its struggle to stabilize the mark. He showed that the reichsbank yesterday threw close to ten million dollars of its reserves "into the firing line," without being able to hold the line.

In many quarters in a position to know, the sudden break in the mark is declared to be the result of a battle between the reichsbank and Chancellor Cuno on one hand, and Hugo Stinnes and the industries on the other. Stinnes and the industries, temporarily at least, are victors.

Chancellor Cuno and the reichsbank announced two new prospective measures: The drastic limitation of all imports and the inauguration of obligatory registration of all foreign monies and exchange securities with the government. This created a tremendous stir, which was followed by a still greater sensation in the announcement that Chancellor Cuno had summoned the cabinet into special session and that he had called President Haverstein of the reichsbank, with his assistants and the heads of all big Berlin banks, to confer with the cabinet on the financial crisis.

### CLIFTON

The Rev. Gilbert L. Wilson, of St. Paul, Minnesota, is the guest of Mr. and Mrs. Edwin Dean, of Clifton.

Mrs. Clyde Clark, of Clifton, entertained the women of the Second Auxiliary of the Clifton Presbyterian Church, Wednesday afternoon.

Mr. Wilmont Stewart, of Clifton, has been severely ill, at his home, but is now recovering.

Miss Florence White of Clifton, has been spending a few days in Xenia, as the guests of friends.

Mr. and Mrs. Arthur Reed of Clifton, entertained at dinner, Thursday at the Blue Goose farm, covers being laid for Mr. and Mrs. Chester Preston, and family, Mr. and Mrs. Leonard Flatter, and family, and Mrs. William Reed.

Mrs. M. M. McCarty and daughter, Miss Marie, and Mrs. Margaret Sparrow, of Clifton, spent Thursday in Springfield, with Mr. and Mrs. Clarence Dunn.

Mr. and Mrs. Ollie Hayslette, of Clifton, are moving next week to the Preston farm, near Clifton.

Mr. Orville Shaw of Clifton, is confined to his home with illness.

### CARD OF THANKS

We wish to thank the friends and relatives who were so kind to us during the sickness and death of our husband and father especially Rev. Prouditt, the singers, Mr. Neeld, the Eagles, Hooven & Allison Co., and the others who sent beautiful flowers.

Mrs. Hiram Barnett and family.

### PITCHING IS HANDICAPPING REDS CENTRAL HIGH GRID CANDIDATES GET SPRING PRACTICE JEFFERSONVILLE WILL PLAY SUNDAY

POOR PITCHING HURTS REDS  
Poor pitching caused the Cincinnati Reds to drop the third game of the National League season Thursday to the St. Louis Cardinals by the score of 11 to 8.

With the Cardinal sluggers banging four Red hurlers for 14 hits and 11 runs the eight runs picked up by the Moramans counted for nothing. And eight runs are enough under ordinary circumstances to win any man's ball game.

Cactus Keck got the call to start the combat, and the Cardinals enjoyed a happy third inning with the visitors piling up six counters. Keck sought the showers and Johnny Couch, who kept the Reds in the race during the early months of last year, went to the mound. Couch labored successfully for a little more than five innings but was relieved in the eighth to make way for a pinch hitter. Snell pitched the ninth and was pounded ferociously. Abrams, another rookie, taking his place for the finish of the pastime.

The Reds got ten hits and eight runs, all the runs coming after the Cardinals had their six run lead, and if their pitching had been effective the Cincinnati tribe would have come through with a win. The game proves the old saying that a club is no better than its pitching.

St. Paul at Kansas City.

SPRING FOOTBALL PRACTICE ON  
In spite of the warm, spring baseball zephyrs that are doing their stuff this week, Coach Earl Burgner of Central High School has a gang of embryo football performers working hard at spring grid practice every afternoon.

About 30 possible candidates for next season's eleven, are cavorting under the mentor's instructions in order to get a start on their training for a championship eleven next fall. With two hand-holds on the Miami University southwestern Ohio champions cup, there are high hopes at Central that another winning team can be produced next year to repeat the performance and thus bring the cup to the school as a permanent possession.

Only new candidates and athletes who were on the squad last fall and who will be back next year, are among the athletes taking the spring football tonic. The workouts are light, and the most strenuous practice indulged in consists of "tag" football, in which the runner is "down" when tagged instead of being tackled.

Promising material is on hand, according to Coach "Puss" who is giving the athletes the rudiments of the grid sport. Among the promising looking athletes is Arnold Boxwell, who was on the squad the latter part of last season and participated briefly in one game. "Boxy" is a brother of Paul Boxwell, who graduated last year after setting up an athletic record at Central High for athletically inclined students to shoot at for some time to come. The kid is said to possess all the earmarks of his distinguished brother and is expected to be a power in Central High football and basketball circles during the next three years.

JEFFERSONVILLE OPENS SUNDAY  
The Jeffersonville Tigers, considered one of the best semi-pro teams in this section will open Sunday on the home grounds, playing a practice game with a team yet to be announced. Among athletes who have signed to play with the Tigers this season are: Jones, P. Rousenbehn; Whitehead, 1b; Coblenz, 2b; Gehlne, ss; Buckley, 3b; Marshall, 4b; and Hie, rf.

THURSDAY'S HOME RUN HITTERS

## HAUGHTON ON JOB AT COLUMBIA

Percy Haughton, inventor of the Harvard football system and called by many the greatest of all football coaches, has begun the Spring training of the Columbia University team on Baker Field, New York City, assisted by many of his Harvard stars. Haughton is shown here in conference with Assistant Coaches Deppeler and Webber. Football.

barred for years at Columbia, is just coming back to the Morning Heights institution, whose mediocre teams for the last few years have caused mental anguish to Columbia graduates. With Haughton at the wheel, Columbia students, who have not taken the game seriously, are reporting in large numbers for Spring practice, and a good season seems assured.

## SEES FUTURE U. S. PURELY INDUSTRIAL

Moscow, April, 20.—American soon will cease to produce sufficient food for her own needs, in the opinion of Professor Tulakof, who is head of the New York Bureau of the Moscow Industrial exhibit. Professor Tulakof recently arrived in Moscow from New York.

"America is rapidly becoming an industrial nation," he said, "and soon will be looking abroad for a considerable part of her food supply."

The rapid industrialization of America, in Professor Tulakof's opinion, explains the indifference of the United States to the European situation. The collapse of Germany and Austria, as well as the long continued crisis in European affairs generally has resulted, the professor contends, in a situation detrimental to the trade of England and favorable to America.

The logical development, according to Professor Tulakof, is a rapprochement between America and Russia, the latter supplying the market for the product of American industries and the source of the food and raw materials which America will need.

## ROTARIAN IS DEAD

Xenia Rotarians were sorry to learn of the death Wednesday of A. Richard Wolfe, Chillicothe Rotarian, and newspaperman.

Mr. Wolfe, who was 55 years of age, was engaged in newspaper work in Chillicothe for a generation. For several years he served as postmaster, retiring last year and resuming his work in the newspaper field.

Active in Rotary work, Mr. Wolfe had assisted in the organization of many similar clubs in this section, including the Clubs at Washington, C. H. Greenfield, Portsmouth, Ironton, Circleville and in this city.

GIVEN SUSPENDED SENTENCE.

Toledo, April 20.—After a jury, trying Mrs. Ollie Jacobs for first degree murder of her husband, had disagreed and had been discharged the alleged slayer pleaded guilty to manslaughter and was given a suspended sentence by Judge Ritchie. Mrs. Jacobs' defense, during the trial, was that her husband had abused her.

## Personal and Society

THE NICEST courtesy you can show your guests is to have their visits mentioned on this page. The nicest courtesy you can show your friends is to let them learn of your visit through this page whenever you go away. The Gazette and Republican consider it a courtesy whenever you turn in an item of any kind. PHONE 70.

### CHARMING AFTERNOON PARTY GIVEN THURSDAY

One of the most charming social affairs of the early spring season, was the affair given by the retiring officers of the Orient Hill School Parent-Teacher Association, for the members of the organization, at the home of Mrs. J. J. Stout, on Hill Street, Thursday afternoon.

Thirty-five women were received by the committee in charge of the function, Mrs. Howard Lighthizer, president; Mrs. Guernsey McCoy, vice-president; Mrs. John Bradley, secretary and Mrs. J. J. Stout, treasurer.

The living room, library and dining room of the Stout home were profusely decked with spring flowers. Guest favors were corsage bouquets of sweet peas. The appointments for the affair in the decorations and luncheon, were carried out in yellow and white.

After a pleasant social time over their needlework, the guests enjoyed two readings, given by Mrs. C. L. Stearns, followed by a memory contest, Mrs. A. J. Wilson and Mrs. Lea Leebetter, winning the prizes.

A luncheon course of ice cream, cake, coffee and minis was served by the hostesses.

### JOHNSON-VON MEYER MARRIAGE SOLEMNIZED

The marriage of Miss Fannie Von Meyer, of West Second Street, this city, and Mr. Ray Martin Johnson, of this city, was solemnized at the parsonage of the First Lutheran Church Thursday afternoon at three o'clock.

The couple was attended by the bride's sister, Miss Lena Von Meyer. The bride was attired in a dress of gery canton crepe, heavily beaded, with footwear, hat and gloves to match. Following their marriage the couple left for Niagara Falls, Canada and a trip through the east.

Mr. Johnson is the son of Dr. and Mrs. Jesse Johnson, former Xenians, now of St. Louis, Mo., where Dr. Johnson is connected as professor of the Xenia Seminary. Mr. Johnson is connected with the Hovey and Allison company in this city, as superintendent of one of the cordage mills.

### MARRIAGE AT PARSONAGE THURSDAY AFTERNOON

The Rev. B. B. Uhl, pastor of the First Lutheran Church officiated at the marriage of Miss Clara L. Jeffries 711 West Second Street, and Mr. John C. Hild of Vandalla, Ohio, which was solemnized Thursday afternoon at one o'clock, at the church parsonage on West Main Street.

The bride's mother, and the bridegroom's parents, witnessed the ceremony. Mr. and Mrs. Hild left immediately for Vandalla, where they will reside on the Troy pike.

### SCHOOL PUPILS ENJOY WEINER ROAST AND HIKE

The sixth grade pupils of Central Building, enjoyed a four mile hike and weiner roast. Thursday afternoon, the pupils and their chaperones, went to Wilberforce, where, after roasting weiners and marshmallows over a campfire built by the Boy Scouts of the Clan, they returned to Xenia, on the seven o'clock train.

Miss Alexander, Miss Glascock and Miss Jones, the pupils teachers, chaperoned the party.

### ENTERTAINS THURSDAY WITH THIMBLE PARTY

Miss Mildred Johnson was a gracious hostess to twenty-five guests at her home on South King Street, Thursday afternoon, at a thimble party.

A color scheme of pink and white was carried out with bouquets of carnations used about the rooms. The guests spent the afternoon over their needlework, and enjoyed a delicious luncheon of two courses later.

### ENGAGEMENT BEING INFORMALLY ANNOUNCED

The engagement of Miss Mildred Holland Diven, of Springfield, and Mr. Charles Sumner Fess, son of Senator and Mrs. S. D. Fess of Yellow Springs, is being informally announced.

The wedding will take place May 7, and after a honeymoon trip, the young couple will reside in their new home in Hills and Dales, Springfield.

### AFTERNOON PARTY FOR BRIDE-ELECT

Miss Florence Andrew of Yellow Springs, whose marriage to Mr. John Simlar, of Springfield, will take place next week, will be honor guests at a miscellaneous shower, at the home of Mrs. John Dell, in Yellow Springs, Tuesday April 24, from two until five o'clock.

### CLUB MEMBERS ENTERTAIN

Mr. and Mrs. Bayless Thompson, entertain the members of The Cook-in Club at their home on South Detroit Street, Thursday evening. After dinner the guests enjoyed dancing and an informal social time.

### STANDARD BEARERS MEET

The Standard Bearers of the First M. E. Church will hold their April meeting, Tuesday, April 24, at seven o'clock, at the home of Miss Olive Benbow on North Galloway Street. All members are asked to bring their thank offering and mite boxes.

### TO MEET SATURDAY

The King's Heralds and Home Guards of the First M. E. Church

## DURING FARMERS' BUSY SEASON

During the next few weeks the office of the Gazette and Republican will remain open Saturday evenings until nine o'clock, to accommodate any who are not able to get in during the week.

## SEEKS TO INTEREST LOCAL CAPITAL IN PROPOSED NEW PLANT

Interest in the organization of a company here to take over the holdings of The Omnigraph Company, of Des Moines, Iowa, and manufacture printing presses in this city was shown at the meeting of Xenia business men interested in the project at the offices of The Xenia Grain Company in the Allen Building Thursday night.

A written agreement by which stockholders in the Des Moines concern approve of the dissolution of their company and agree to accept stock in the new company which it is proposed to organize here, was submitted by E. E. Strawn, of Des Moines, inventor of the press and president of the Des Moines Company. The contract includes an agreement to turn over the assets of The Omnigraph Company to the proposed new company.

With his agreement approved, C. R. Hinkle, of Dayton, former Xenian, who is promoting the organization of the company here to take over the manufacture of the presses, said Friday he expects to set the rest of the stock necessary to bring the concern here within the next week. Practically 50 per cent of the \$100,000 required from Xenia stockholders to insure the new organization and location of the plant here, has been subscribed, according to Mr. Hinkle.

If the rest of the amount set is subscribed, the stockholders here will meet and organize a new company, applying for incorporation papers under the laws of Ohio, it is understood. Directors and officers will then be elected, with Mr. Strawn representing the western stockholders and all other officers and directors being Xenia stockholders in the proposed new plant.

The press invented by Mr. Strawn will print two or more colors at once and the same time, prints from a roll of paper instead of cut sheets, decreases handling of the paper and printed matter and will print the multiple-colored copies more than ten times faster than the best present-day presses will print copies of one color. The Des Moines Company was organized to finance the experimental stages of the concern, which is now ready for manufacture but it without a plant, with the exception of the machine shop in which a few of the presses have been completed.

The presses are leased at a selling price from \$10,000 to \$75,000 depending on the size, and at a royalty rate of ten per cent on all work the press does. It has been estimated that 100 presses will take in \$600,000 annually in royalties.

Mr. Harry L. Reed, Field Representative, American Red Cross for southwestern Ohio, was a visitor of the local chapter, A. R. C. on Friday.

Mr. and Mrs. Ed Ballard, Mr. and Mrs. Charles Dean, of Xenia, and Mr. W. A. Dean, of Newton Falls, Ohio, have returned from Indianapolis, where they attended the funeral services of Mrs. Anna D. Baldock.

Miss Sylvia Snyder of Marion, Ohio, is the guest of the Misses Norris, of East Main Street.

The infant son of Mr. and Mrs. Ford S. Prince of East Main Street, has been severely ill for about a week, suffering from a complication of diseases.

Mr. Stephen G. Phillips, of Zanesville, was a business visitor here Friday, returning to Zanesville Friday afternoon.

Mr. H. E. Ruhlman, former operator of the skating rink in this city, now in Zanesville, will manage a large amusement park in Charleston, W. Va., this summer.

Mr. Charles Darlington was a business visitor in Cincinnati Friday.

Mr. and Mrs. Phillip Deihl, of East Market Street, will move next week to the property on North King Street, recently bought by Mrs. L. Funderburg. Mr. and Mrs. William H. Ogden, who have been occupying the property, will move to Cincinnati.

Mrs. Lona Lees and son Gail and Mr. Ralph Morrow, were visitors Wednesday at the home of Mrs. Lees' parents at Savona.

Mr. and Mrs. A. W. Shaw, of Allison Avenue, are rejoicing over the birth of an eight pound son, born Friday morning. The little one has been named Lloyd Neil. Mr. and Mrs. Shaw have one other child, a little daughter.

Keneth Deihl, the son of Mr. and Mrs. Phillip Deihl, of East Market Street, is ill from grip.

### Boy Soloist Wonder Lost to Boston

Brent Curtis, boy soloist, with the "wonder voice," who has been a singer at the Trinity Church, in Boston, for three years, has gone to New York, where by arrangement with the famous Grace Church authorities, he will receive a thorough education, including a college course. The boy, who is 14, is the son of a Boston druggist.

## HOT SHOT FIRED BY CHARLES KNIGHT

Washington, April 20.—Charles L. Knight, Ohio newspaper publisher, Republican member of the last Congress, expressed the opinion today there will be no real issues on which the Republican and Democratic parties will contest the 1924 election.

In a letter to an enquirer in Detroit, made public today, former Representative Knight made some pertinent and startling observations on general political conditions. He said:

"As to what the issues will be, there will be none. The Republican party will 'point with pride' to what it will say it has done and 'view with alarm' what it says the Democrats might have done. The Democrats will simply reverse it and do the same thing. There is no longer any real differences between the two parties.

"In action, one is uncertain whether it is one animal making two motions or two animals making one motion.

"Both parties have adjured constitutional government; have reduced the organic law of the land to a mere scrap of paper, have struck hands with state socialism and are hell-bent for that Utopia where we propose to let the government do it. The dreamers and the uplifters are in full control and their desire to plunder the taxpayer in order that the government may make everybody happy, prosperous and virtuous, by laws, creating boards, bureaus and commissions from which swarms innumerable inspectors and regulators, will not be resisted by either party. Both have sunk to the deepest abyss of cowardice.

"In 1920, the Republican party stood for something. Yet once in power, we have note widely departed from the policies we condemned and I am not sure that we are not now planning to enter the league of nations through the cellar door."

## HARDING'S WONDERFUL ADDRESS BEFORE DAUGHTERS AMERICAN REVOLUTION.

President Harding appealed for an open mind in approaching the problems confronting the Nation, in an address at the annual congress of the Daughters of the American Revolution Monday.

"Never has mankind faced difficulties of such varied character or on so huge a scale," said the President. "The very destiny of the race, the future of civilization, seem to depend on our finding an answer, and on our sincere, generous, broad-minded acceptance of that answer when it is found."

"We shall not find an answer which will be completely satisfactory to any State or race or people, but if we pursue our quest with open mind and with purpose of achieving the largest benefit for the greatest number I believe we shall in the end discover that we have attained also a large advantage for those who seemed to be making something of sacrifice to the common welfare."

The President further advised that pending the solution of the manifold problems, the American people "hold secure" to those paths made by the fathers of the republic.

"Our country will have done well," said Mr. Harding, "when it is assured of the full enlistment of all the unselfish devotion of its womanhood in the supreme duty of implanting sentiments of real Americanism in the hearts of all our citizens."

"The Daughters of the Revolution have preserved for us all a lesson in the desirability of forbearance, patience and toleration. In the beginnings of the nation there were wide divergences of judgment about institutions, methods, directions, means and measures. Fortunately for our country's great experiment, there was a sufficient endowment of wisdom, moderation and selflessness to make possible the adjustment of all the differences."

"The great project of a government of the people, for the people, by the people, was set forth in the world because no group or faction or narrow interest assumed to be or to represent all the people. No group arrogated to itself all the political righteousness of the young republic."

"It is good to recall the beginning. The war-torn world of today easily might find a helpful lesson and cheering encouragement therein. In a chaos of victory, prostrate in material fortunes, wrecked financially, with interests conflicting and ideas opposing, the founding fathers found a way to union and concerted effort to restoration and attainment."

"World wonder, sometimes world envy, has attended the astounding development. But there has come to us a glorious country, a cherished nationality, an inheritance which it is an inspiration to preserve, and we have the prospect of future advancement for ourselves and helpfulness to the world ever to impel America onward."

## FIRST DRUNKEN AUTOMOBILE DRIVER TO BE CONVICTED OF MURDER.

Henry G. Brock, Philadelphia millionaire and society leader, was last week sentenced to six to ten years in the penitentiary for killing three people while running an automobile while drunk. He pleaded guilty to second degree murder. He has already entered upon the sentence and is in prison. This is the first automobile driver in the country to be convicted of murder for killing a pedestrian.

Following his sentence, he was allowed to go to his home and bid a farewell to his bed-ridden mother, telling a gentlemen's lie to her in saying that the "trouble" he was in had only been punished by a sentence of twelve months. Until early in the day his mother did not know that his predicament really was serious.

The three persons whose death Brock admitted causing were: Mrs. Ellen O'Donnell, her son, Leo, and Miss Mary Murphy. They were alighting from a street car when Brock's new automobile going at high speed struck them and speeded away.

Six to ten years in the penitentiary—the sentence imposed upon Henry G. Brock by Judge Audenried, Philadelphia, is not too severe a punishment to be inflicted for the crime he committed. It should be an example and a warning to all those who have been in the habit of operating automobiles while drunk, for aside from the severity of the penalty imposed the swift action of the machinery of justice in this case is a significant answer to those doubters who have been saying that the social position of the defendant would be used to avert the just penalty of the law.

Brock and his council faced the situation in the only way honorable men could have faced it and retained their self-respect. The appalling consequences of Brock's offense—the snuffing out of three innocent lives because of his drunken condition—made the case one of peculiar gravity. That no attempt was made to resort to the usual technicalities of legal procedure to mitigate the punishment or to cloud the issue may or may not have been due to the overwhelming evidence of Brock's guilt; but the plea of guilty was wise and timely and greatly relieved the situation. It saved the country the cost of a prolonged and useless struggle; but what is more important, it offered to the public a demonstration that justice is really blind and that social standing and wealth is no protection for criminal recklessness resulting in murder.

## THE PRESIDENT VS. THE POLITICIANS

President Harding is quite right in his determination to maintain his stand on the World Court, despite the clamor of the Nation will approve his position with votes, even as it does now in its widespread expression of favorable opinion. But for the moment the peculiar genius of politicians for obscuring with a mist of false pretense and entangling in a mesh of personal jealousies an issue on which public opinion is virtually united must have its play. It is unfortunate that former President Wilson should have added fuel to the flames of this political controversy by the letter to Representative Rouse protesting against any conditional acceptance of the World Court, and demanding that the United States take membership in it only in accord with the provisions of the League of Nations without reservations.

Even the most loyal supporters of President Wilson, who ascribe to him the primary credit for the establishment of the League of Nations in its present form, admit, though reluctantly, that a certain lack of tact, an unwillingness to share credit, and a stubborn insistence upon individual convictions were responsible for the refusal of the United States to join it. His failure to invite a single representative Republican to be one of the United States delegation to Versailles inevitably and irrevocably put the stamp of a party measure upon the Versailles Covenant. Refusal to accept reservations at a moment when compromise was still possible finally put the United States definitely out of the League.

## AS TO INCREASING THE IMMIGRATION LIMIT

## 1903--Twenty Years Ago--1923

The plans and specifications for the new Armory and Recreation building at the O. S. and S. O. Home were accepted at the meeting of the Board of Trustees of the Home held yesterday. Bids will be now asked for to construct the building but nothing above \$12,000 will be considered. The Xenia School Board met last night and J. S. McCampbell, the new member who succeeded J. E. Jones, and Jacob Kany,

who holds over for another term, took the oath of office.

The Greene County Sunday School Convention begins in this city today and will be held at the Presbyterian Church. The convention will be in session two days.

The Bath township High School closed Friday with appropriate exercises. Commencement of this school will take place at the Reformed Church Tuesday evening.

### NICE WAVED HAIR

There is not a bit of use telling young girls that straight hair is more becoming than curly. If they haven't curly hair they are certain to want it, and I must admit that there are times when a little wave, artificial or otherwise, is a great blessing. When you are on a journey

the hair and eventually cracks it, and though it may be used in emergencies, it should never be made a general practice. If you must wave your hair frequently roll it on kid or rag curlers. These take more time than the iron, but they do not hurt the locks and they produce a soft natural-looking wave.

Part the hair just as you do when dressing it, then take a small strand along all the outside part where it shows, moisten these slightly and roll them tightly around the curler. Some hair will wave in 30 minutes, but most people need an hour or two. The best thing, of course, is to do up the hair at night, covering the ugly curlers with a boudoir cap and take them off in the morning.

Do not use curling fluids. They are often harmful, the least they do is to coat the hair and keep it from ventilating properly.

Red Rose:—You are probably full bloomed and feel the heat more than other people. As this is natural to you there should be no objection to it. The only thing to do is to avoid heating foods to some extent and drink plenty of water to keep the system flushed.

Miss J.:—Remove this extra fat on your arms by massaging, unless you are too stout all over. In that case diet until you are of normal weight.

E. G.:—As the yeast you mention must have been advertised, it could not have been mentioned in the "Chats." This treatment should only be used for a short time, and if you do not find that you are being benefited it should be discontinued. Possibly two weeks would be a test.

Tomorrow—A Cosmetic Book.

This makes a natural looking wave for instance, and must do your hair up hastily in a Pullman car, dressing room, or when you are tired and the face is full of draggy lines, or when you must dress hurriedly and cannot stop to put each lock of hair where it pleases you best—these are some of the times when wavy hair is a delight.

Don't ever, if you can help it, wave your hair with a hot iron. It dries

## THE GAZETTE And THE REPUBLICAN Information Box

All questions asked by our readers will be answered in this column. Medical and legal subjects are barred. Address all queries to "Information," this paper.

FOOLSCAP—The word foolscap as applied to a certain size of paper has a peculiar origin. Charles I of England granted to some certain parties the monopoly of the manufacture of paper. Parliament, under Cromwell, made jests of this and wittingly or otherwise ordered that the royal arms be removed from the watermark that was then used, and the fools cap and bells substituted. This was done, and it gave birth to the use of the name "foolscap."

Q. W.—What is the speed per hour of the average snail? Is a question that requires too much figuring to answer. However, we can tell you that it would take a snail fourteen days and five hours to travel a mile. Work it out for yourself.

GOO-GOO—Yes, evidence collected from time to time suggested that tropical conditions once prevailed in the Northern Arctic regions. The presence of coal alone in this part of the world is sufficient proof that vegetation once flourished with tropical abundance.

MR. C. D. SHORT LANCASTER, O.

Well-Known Farmer Tells How He Recovered His Health After Severe Attack of Liver and Kidney Trouble.

Mr. C. D. Short, a well-known farmer, living on Rural Route No. 3, Lancaster, O., expresses his thanks for the quick relief that Ka-di-ok gave him. He says: "I suffered for months with stomach trouble and my liver and kidneys caused me a lot of bother. My back ached continually, and sometimes I would be all bent up, as it was very painful to stand up straight. I had no appetite and ate very little food; had no strength and felt tired and miserable all the time. I have taken Ka-di-ok during the past few weeks and it has made me feel like a new man. I am now feeling fine in every way. I can certainly eat well and don't have to be particular what it is. I can stand up straight now and don't have any more knots and pains in my back. Ka-di-ok is a real medicine and makes good, and I am glad to recommend it for what it did for me."

Ka-di-ok can be obtained at Sayre & Hemphill's Drug Store, Xenia.

## Today's Talk

### THE CLOSE OF THE DAY

When I start to read a book, I think of the adventure as a touch of the spirit of youth. I picture the writer in all his moods and stretches of thought.

But, somehow or other, I keep climbing with the writer, wondering how he will solve many things, or how he will develop the ideas he starts across the page, until we both finally come to the close of the book. And then for many years, maybe, I carry the thoughts or lessons or beauties of that book around with me in my mind and heart.

A day is much like a book. It opens with freshness—no matter how the clouds may be. And it takes us on an adventure that is often as wonderful as any told in a book.

But at its close is crystallized its bests and worsts—and in our spiritual mind is recorded the sum total of all that is most beautiful and beneficial.

Perhaps we may sit before the warmth of the fireplace, or under the soft rays of the floor lamp, or just in a dimly lighted room with some mind that is full of understanding and there talk upon the events of

the day as they have had bearing upon the development or happiness of our lives.

Or perhaps we have sat alone traveling in thought with some great mind that has finished its work—except as it lives anew for those who pick up its aspirations in words that have been preserved.

How calm and restful is the day at its close! Especially when we have been good sports throughout the day.

I love the dusk of the day more than any other time. The other evening I saw it as it melted into dark clouds and was finally buried in a thunderstorm. I looked out into it with a mind fascinated by the intermingling thoughts that came to me.

And then the great clouds parted and a streak of magnificent grey and purple and light pink silhouetted a line of trees against that dark sky like an etching.

I believe that every day should be closed happily, no matter what has gone before. It is a task at least worth all the effort we possess.

## Skin Ablaze with Eczema

Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells. S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferer, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unrelenting itching, pimples, blackheads and boils, all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the million! It has been doing it since 1890! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body builders known to us mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and is well now. I thank you very much for telling my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. It cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

**S.S.S.** makes you feel like yourself again

## PRIZES AWARDED TO SCHOOL CHILDREN IN MUSIC CONTEST

Crisp, new dollar bills were awarded to the three scoring highest in each of the fourth and fifth grades in each city school building and to the three scoring highest in each Junior High School, this week, finishing the preliminaries to the music memory contest.

Prizes were made possible to the children of the city schools through the courtesy of the following organizations:

Woman's Music Club, Business Woman's Club, Junior Woman's Club, Woman's Sunday School Class of the First Methodist Church, Kiwanis Club, Elks' Club, and Rotary Club.

Through the clubs' generosity it is possible to give also a prize of five dollar gold piece to each of the three winners in the city schools who represent Xenia at the state contest in Columbus, Saturday, April 28.

The group of five to represent their grades at the county contest Saturday are as follows (the first three in each group were prize winners at the preliminary grade contests this week):

Lincoln—Grades 5 and 6, Allena Howard, Blanche White, Mary Allen, William Garrett, Flora Gaines.

Lincoln—Junior High School, Eleanor Gaines, Otis White, Viola Woods, Martha Peters, Hallie McCormick.

Spring Hill—Grades 5 and 6, Thelma Mahmeister, John Hurley, Dena Watkins, Thomas Davis, Elizabeth Spahr.

McKinley—Grades 5 and 6, Eloise Manor, Emily Dean, Paul Bottorff, Lester McCoy, Charles Randall.

McKinley—Junior High, Helen Street, Lenna Bales, Mildred Fudge, Lois Street, Leighou Little.

Central—5 and 6, Lucy Stout, Betty Kingsbury, Hugh Espey, Rose Ann Woolary, Robert Crawford.

"The finest thing about a love preparation is the development of a love and knowledge of beautiful music and an appreciation of things in life that are beautiful. One is unintelligent if he cannot appreciate the fine and beautiful things about him. The children have thoroughly enjoyed the study of this list of thirty of our best musical compositions," said a school instructor, Friday.

Much credit is given to the teachers, who almost daily drilled the pupils for the contest, also to the following who generously gave of their time to play at the preliminary contests: Miss Doris Meahl, Mrs. Alice Ruthrauff, Miss Eva K. Johnson, Miss Stella Bishop, Miss Theda Downing, Miss Irene Parrett, Miss Mary Noble, and Miss Janita Rankin.

The county contest will take place at McKinley auditorium Saturday afternoon at two thirty o'clock. An admission charge of 25 cents will be charged those attending, who are not contestants, performers, or those who will mark the papers.

## RECEIVES WORD OF DEATH OF SISTER

W. B. Clark of Clifton, received word Thursday of the death of his sister, Mrs. Mary Koons, formerly of Clifton, which occurred at her home in Covington, Ohio, Thursday morning, Mrs. Koons had been ill for several years, an attack of pneumonia causing her death.

Mrs. Koons formerly resided in Clifton, when a young girl, residing with her family in Covington, for the past several years. Besides her husband, Mrs. Koons is survived by two daughters, and two sons, at home, and two brothers, W. B. Clark of Clifton, and Alex Clark, of Montana.

Funeral services will be held Saturday afternoon at one o'clock at Covington, with interment there. Mr. and Mrs. Clark and son, Clyde Clark, will attend the services.

## MOUNTED OFFICER KILLED IN FALL

Cleveland, O., April 20.—Death of Patrolman Samuel Kilbane, who died last night after his skull was fractured in a fall from his horse, was caused by a defective spot in the Woodland avenue pavement, police officials said today.

Kilbane's fall came when his horse bolted, and hit another police horse. The policeman was thrown head first to the ground. Patrolman Kennedy, on the second animal, had his ankle fractured as well as suffering other injuries.

## IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Men-to-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement, it quickly shows. You can get a little jar of Rowles Men-to-Sulphur at any drug store.

## NOT ANIMAL TRACKS—THEY'RE SHARK JAWS

Mitchell Hedges is shown here with Lady Richmond Browne, a fellow passenger on a liner from South America. Mr. Hedges has just completed a two years tour of exploration into sections of South America in which no white

man had ever before set foot. During the trip he made seven new world's records for catching big fish. In the above photograph he is showing some of the record breaking sharks' jaws which were part of his catch.

## 105 WARS FOUGHT IN 147 YEARS BY UNITED STATES, MOST PEACEFUL OF POWERS

Washington, April 20.—One hundred and five wars in 147 years—that is the military record of the United States, the most peaceful of all the great powers.

Secretary of War Weeks made public these startling figures. He has a two-fold reason: First to demonstrate that the average American has little knowledge of the history of his nation, and second, to hammer into the public the necessity for preparedness.

Here is the list of "wars," or the occasions upon which the military forces of the United States have been called to active service against a hostile force:

1775, The Revolution; 1782, Wyoming Valley Insurrection; 1786, Shay's Rebellion; 1790, Northwest Indian War; 1791, Whiskey Insurrection; 1798, War with France; 1799, Fries's Rebellion; 1801, Tripolitan War; 1806, Burr Conspiracy; 1806, Sabine Expedition; 1807, Chesapeake Bay Affair; 1808, Lake Champlain Affair; 1811, Northwest Indian War; 1812, Great Britain; 1812, Seminole War; 1813, Peoria Indians; 1813, Creek Indians; 1817, Second Seminole; 1818, Yellowstone Expedition; 1823, Blackfeet Indians; 1827, Lefevre Indian War; 1831, Sac and Fox Indians; 1832, Black Hawk War; 1832, South Carolina Nullification; 1833, Cherokee War; 1834, Pawnee Indians; 1835, Third Seminole; 1836, Second Creek Indians; 1837, Osage Indians; 1838, Heatherly Indian War; 1838, Mormons; 1838, New York-Canada Frontier; 1846, Doniphan's Mexican Expedition; 1846, Mexican War; 1846, New Mexican Expedition; 1848, Cayuse War; 1849 Navajo; 1849, Comanche Indians; 1850, Pitt River Expedition (California); 1851, Yuma Expedition; 1851, Utah Indian; 1851, Oregon and Washington Indians; 1855, Snake Indians; 1855, Sioux Indians; 1855, Yakima Expedition; 1855, Cheyenne Indian; 1855, Florida War (Seminole); 1856, Kansas Border Troubles; 1857, Gila Expe-

dition; 1857, Sioux Indians; 1857, Mountain Meadow Massacre; 1857, Utah Expedition; 1858, Northern Indian Expedition; 1858, Puget Sound Expedition; 1858, Spokane Indian Troubles; 1858, Navajo Expedition; 1858, Wichita Expedition; 1859, Colorado River Expedition; 1859, Pecos Expedition; 1859, Antelope Hills Expedition; 1859, Bear River Expedition; 1859, San Juan Imbroglio; 1859, John Brown Raid; 1859, Cortina Troubles; 1860, Pah Ute Expedition; 1860, Kiowa and Comanche Indians; 1860, Carson Valley Expedition; 1860, Navajo Expedition; 1861, Apache Indians; 1861, Civil War; 1862, Indian Massacres (Minn.); 1862, Sioux Indians; 1863, Cheyenne War; 1865, Northwestern Indian War; 1865, Fenian Raid; 1867, Mexican Border Indian War; 1868, Canadian River Expedition; 1871, Yellowstone Expedition; 1871, Fenian Troubles; 1872, Yellowstone Expedition; 1872, Modoc Campaign; 1873, Yellowstone Expedition; 1874, Indian Territory War; 1874, Black Hills Expedition; 1875, Nevada Expedition; 1876, Sioux War; 1876, Power River Expedition; 1876, Big Horn Expedition; 1876, Sioux War; 1877, Nez Perces Campaign; 1878, Ute Campaign; 1878, Snake Indians; 1890, Sioux; 1891, Mexican Border (Tin Horn War); 1895, Bannock Indian Trouble; 1898, Spanish-American War; 1898, Chippewa Indians; 1899, Philippine Insurrection; 1900, Boxer Insurrection; 1912, Nicaraguan Expedition; 1913, Haitian and San Domingo; 1914, Vera Cruz; 1916, Punitive Expedition in Mexico; 1917, Germany.

The Secretary of War failed to mention the calling of Federal troops in a number of labor disturbances at Gary, Ind., in the West Virginia mine fields and several other points.

An adequate military establishment does not inspire war any more than a good police department inspires violations of the law, the Secretary pointed out.

## DONAHEY VETOES GET ATTENTION OF LEGISLATURE

(Continued from page 1.)

Governor Donahey today announced that he had vetoed the McNamara bill, providing that voters in line in front of the polling place at 5:30 p. m. when the polls close, shall be allowed to vote, the Bragg bill authorizing boards of education to insure children being transported by truck, and the McDonald bill, permitting cemeteries to be located within one hundred yards of a dwelling house instead of 200 yards, as the present law provides.

To date the governor has vetoed 30 bills within seven of the record established by former Governor Cox. Governor Donahey also announced today that he had signed the Lipp bill, providing that hearings for complaints or protests decisions by the state utilities commission may be conducted in the community in which the cause of action arises and requiring the commission to file written opinions in all decisions. This measure, embodying recommendations of the governor was introduced and passed late in the session under a suspension of the rules. The governor also signed today the following bills:

By Burke, to harmonize the tax listing day of corporations with the statutes prescribing the manner in which assessments must be made; by Albaugh, relating to the consolidation of railroads and the rights of non-assenting stockholders of constituent companies, and by Lipp, providing for the nomination of members of school boards by petition only.

In vetoing the McNamara bill, the governor said he did so "because it spells delay in getting election returns; because it invites negligence on the part of the voter and because it would lead to fraudulent practice in the hurried hours of falling night."

The governor said, that while he was reluctant to veto the Bragg bill, he did so because, "in the first place the bill is probably unconstitutional, in that it permits the school board to insure a certain class of children while there is no provision as regards other children attending the same school."

"Insurance will not prevent accidents, in fact it tends to put a premium on negligence," the governor said. Donahey expressed the opinion that the subject of insuring children should be left to parents, rather than school boards. In vetoing the McDonald bill, the Governor said, that in the interest of the health of the living, and since there had been no change in our manner of living and certainly no change in the methods of burial of the dead, he could not see his way clear to sign the bill.

Columbus, April 20.—Governor Donahey announced two more vetoes, bringing the total number of bills disapproved up to 23. These include the three taxation bills vetoed Wednesday. The latest vetoes are the Van Wye bill, creating a state art commission, and the McNamara measure, requiring the secretary of state to furnish boards of election with uniform certificates of election. With regard to the latter the governor avers that it would add "a new and unnecessary section to our already overburdened code, because it would add to public expense and because there is ample statutory authority for the furnishing of certificates of election."

Among the bills approved are the quartet of "equal rights" measures, sponsored by the National Women's party. They are: By Senator McCoy of Mahoning, making the age of majority for both women and men 21 years; by Senator Garver of Holmes county, providing that the voting residence of a married woman shall be determined in the same manner applicable to single women; by Senator Maude C. Wiatt of Cuyahoga county, giving mother and father equal rights in the guardianship of minor children, and by Senator McCoy, requiring women as well as men to obtain consent to marriage unless they have reached their twenty-first year.

## Among The Churches

**CHRIST EPISCOPAL CHURCH**  
Sunday School at 9:15 a. m., Holy Communion and sermon at 10:30 a. m. by the Rev. W. A. Thomas, of Point Hope, Alaska. Since the Rev. Mr. Thomas is a former rector and has made a special effort to be here, the largest possible attendance is urged.  
Meeting of Young People's Society at 6:30 p. m.

## MOUNTED OFFICER KILLED IN FALL

Cleveland, O., April 20.—Death of Patrolman Samuel Kilbane, who died last night after his skull was fractured in a fall from his horse, was caused by a defective spot in the Woodland avenue pavement, police officials said today.

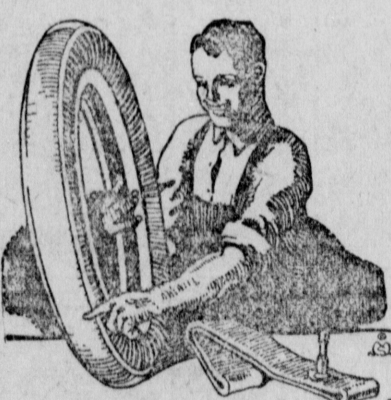

Kilbane's fall came when his horse bolted, and hit another police horse. The policeman was thrown head first to the ground. Patrolman Kennedy, on the second animal, had his ankle fractured as well as suffering other injuries.

## IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Men-to-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement, it quickly shows. You can get a little jar of Rowles Men-to-Sulphur at any drug store.

Ask almost anybody. Nearly everybody uses Xenia Vulcanizing Tires.

**Good as new!**

—and money in your pocket. Do not sell your old tires to the junk man until you consult us.

Do not let a cut in the rubber grow to a seam.

Bring your tire trouble to us —for our vulcanizing and repair work is thorough and our prices are low.

## STREET PARADE WILL HERALD OPENING OF SPRING FESTIVAL

Everything will be in readiness for the Spring Festival and Mardi Gras to be given at the Rink under the joint auspices of the Xenia Council, No. 140, Daughters of America and Xenia Council, No. 67 Jr. Order United American Mechanics, when the doors open at seven o'clock Saturday evening.

As a fitting opener for the celebration the committee has arranged what promises to be a monster street parade. The parade will form at seven o'clock at the Rink headed by the Cadet Band from the Ohio Soldiers' and Sailors' Orphans' Home and will pass over the principal downtown streets. About 50 automobiles have already been volunteered to participate and several other local organizations take part. The paraders will carry red and green lights.

Some well-known vaudeville entertainers are included on the list of entertainment during the big party at the Rink. The program of professional entertainment will include slack wire performance, the Aerial Butters in their original teeth butterfly act with a splendid wardrobe, Allen and Lee who have won the name of the best upside-down duo on the Keith Circuit, a tumbling team that is well rated, the Oxford Tumbling Trio and Joe Dewitt in his "something new and different."

An added attraction will be the exhibition drill by the degree team of the Daughters of America Lodge of Springfield and it is expected that Bushnell Council, Jr., O. U. A. M. of Springfield will also present an exhibition each night. Both teams have won honors in their exhibition degree work a number of times.

Dancing will be a final diversion of the evening, and three orchestras will keep the dancers busy. Masque dances will be the rule Tuesday and Thursday nights. Decorating was started Thursday morning and it is expected to require three days to complete the decorations for the opening Saturday.

An admission fee of ten cents will be charged at the door and the vaudeville and other entertainment will be free.

## THEATERGOERS ARE INTERESTED IN SHOW

Theatre goers of Xenia are interested in the announcement that the Shannon Players including their Orchestra will be here Saturday.

Excellent plays will be presented. Some classy vaudeville numbers will be introduced as usual.

The play this season is "Civilian Clothes" one of the most popular plays ever written.

In one of the large cities in North Carolina where the company played during January and February, one manager after seeing the opening performance of "Civilian Clothes," said it was better than most of his two dollar attractions.

Seats at City Hall Theatre. Phone 1639.

## LOSES SHEEP

Mr. David Bradfute, of near Cedarville, lost eight pure bred Merino sheep Tuesday, the animals dying from forage poisoning thought to have been due to eating spoiled corn. The animals were being fed on corn from the shock and it is supposed they got some spoiled ears. Four other animals were also poisoned but recovered.

## SLEEP WITH HEAD TO NORTH NECESSITATE GOING TO BED WITH COMPASS

A popular advertisement of a youth retiring with a candle, will have to be changed.

Going to bed with a compass will have to be the rule if the advice of Dr. Thomas T. Theron of London, is to be accepted literally and acted upon.

Dr. Theron, in a lecture in New York City, has said that in order to assure perfect health, one should always sleep with the head to the north.

Why the geographical position should have anything to do with health was evidently not explained by the eminent physician. His suggestion however, impressed a hard-ship. After the light is turned out and the window pried up the usual two inches, one must wrestle with the ostomoor and brass frame work with the aid of a couple of Boy Scouts, an astrologer and an engineer.

Having acquired the correct position according to the compass, with the head pointing to the north, the feet pointing to the picture of the "Rock o' Ages" on the south wall, the nose being governed in its directions by its type, shape and degree

## ELECT OFFICERS OF ROTARY CLUB

C. W. Murphy was elected president of the Xenia Rotary Club, at the meeting of the Board of Directors of the club, held Thursday afternoon at the Elks' Club. Dr. R. K. Finley, was elected First Vice-President; Dr. A. B. Kester, Second Vice-President; George P. Tiffany, secretary, and C. S. Frazer, treasurer, to serve during the coming year.

The Board of Directors, was elected at a recent club meeting.

## SECRETARY SUES ALICE ROBERTSON

Muskogee, Okla., April 19—The trials and tribulations of the only man who ever served in the capacity of secretary to a woman member of Congress in American history are to form an interesting chapter to the already interesting life of the national capital, judging from the preparations that are being made to produce evidence in support of Ben F. Cook's suit for \$25,000 damages, for alleged slander, against Miss Alice Robertson, who retired as one of Oklahoma's representatives in Congress March 4.

The suit, which was filed in Washington recently, grows out of the alleged charge by Miss Robertson that Cook, while her secretary, sold her automobile and appropriated the funds for his own use.

Behind the suit, friends of Cook say, is an interesting story of a disagreement that existed between the secretary and Miss Robertson many months before Miss Robertson was retired from Congress by the voters of Oklahoma. The disagreement was over financial matters, it is claimed, Cook claiming that Miss Robertson had not paid him the salary which she had agreed to pay. There were numerous attempts on Cook's part, according to his Muskogee friends, to adjudicate the matter, which failed.

## ADmits SELLING CAR.

Cook admits selling Miss Robertson's car but claims he had her authority to do so. Upon receiving an offer for the machine, he claims, he advised Miss Robertson at Portland, Oregon, where she was visiting of the offer and she telegraphed her acceptance, Cook says. The car was sold for \$382.50, which Cook says he deposited in the bank to his own credit and gave Miss Robertson credit for that amount on an indebtedness he says she owed him.

The former secretary claims he will prove that the former Congresswoman accused him of selling the car without her authority and with embezzling the proceeds of the sale. He also charges that Miss Robertson promised him \$250 a month as salary, although for expediency's sake and with the full knowledge and consent of Miss Robertson he says he certified his name on the Government payroll for \$203.33 a month.

## SALARY SHORT, HE SAYS.

The balance, he claims, was never settled, although he frequently attempted an adjustment, and he also paid some of her personal accounts and office expenses from his own purse. On Miss Robertson's trips to Muskogee in the summer of 1922, Cook says he loaned her \$100 when he alleges she pleaded: "Ben, I'm broke, can't you let me have \$100 to get back home?"

Following Miss Robertson's return to Muskogee, Cook says, he wrote her suggesting that each appoint an arbitrator, the two to name a third who should hear his story and Miss Robertson's story for the purpose of rendering a judgment on the financial disagreement which Cook alleges to have been the difficulty between the two. Miss Robertson replied, he says, that she would discuss the matter with him on her return to Washington but that she never did. Cook attempted to obtain an agreement with her, he says, the day she retired from Congress. Walking out of her offices, he declared she snapped him off with: "No, I don't want to be bothered with you; you've made my life miserable."

EASTERN MARKETS ARE PATRONIZED BY XENIA BUYERS

If you walked into a ready-to-wear shop, and asked to see a smart frock, and the saleswoman showed you exactly the model you wanted, and her remark proceeded yours, "I'll take it," was: "This gown was made in Indianapolis,"—what would you do?

Are you one of the stickers for Parisian or at least Eastern-made goods? As far as dresses, hats, and wraps are concerned, Xenia ready-to-wear buyers have found local female shoppers to be so inclined.

As a result, the majority of Xenia's fashions, purchased complete from manufacturers come from eastern markets, particularly New York City. The reason? Perhaps only a woman's notion of the right styles and where to secure them. Some Xenia buyers have confessed that they have found the New York and eastern models more attractive, better priced and easier to sell.

"Perhaps it just because they think they're a little nearer Paris," is the reason one Xenia buyer gives for woman's partiality to New York models. The large selection, and competition that brings out only the best, of the larger eastern manufacturing plants, and shops is another reason for the stability of those markets, according to buyers. Xenia ready-to-wear stores have not entirely boycotted other markets outside of New York City, but also purchase from Philadelphia, and Cleveland. An easy following for an almost uniform model for each season has led all markets to produce similar types of styles, which are of equal value, and popularity, say local buyers.

The styles reach the most provincial communities by the way of fashion papers, newspapers, and magazines, and give access to the late dictates of Dame Fashion, for womankind who cannot reach the up-to-date markets. As for men's outfitting, their suits, coats, hats, and caps come from New York and Chicago markets, the local buyers making regular sojourns to these markets to secure their stocks. Shoes are purchased from traveling representatives of factories over the country, particularly from the east.

GIRL SCOUTS WILL COMPLETE 1 COURSE

The Girl Scouts will finish a course of instruction on the making of a hospital bed, at the Red Cross rooms Saturday morning, under supervision of Red Cross officials. The course was begun last Saturday, at the Red Cross rooms, following the regular scout meeting. The Scouts will meet Saturday morning at 8:45 o'clock, at the American Legion rooms.

The troops are making arrangements for a play to be given soon, the first rehearsal for the offering, being held last Saturday morning.

Mayor's Daughter Sponsors New U. S. Cruiser

Mrs. John W. Haulenbeck, Jr., daughter of Mayor Frederick W. Donnelly, of Trenton, New Jersey, was selected as sponsor for the new U. S. scout cruiser Trenton, to be launched at the Cramp Shipyards, near Philadelphia, on April 15. The cruiser is 550 feet long, and its 90,000 horsepower will drive it along at 35 knots.

EAST END NEWS

\*Middle Run Baptist Church—W. C. Allen, Pastor, 10:45 a. m. Theme: The Lawgiver and Liberator. The second sermon on great Bible characters. 2:15 p. m. Sunday School J. T. Rountree, Supt. 6:30 p. m. E. Y. P. U. Harry Scott, President, 7:30 p. m. sermon and worship.

Third Baptist Church—A. McClintock Howe, Pastor. The Bible School will meet at the usual hour 9:30 a. m. H. W. Gales, Supt. At 10:45 a. m. worship and sermon. Theme: "The Throne of God and the Lamb." B. Y. P. U. Mrs. Elizabeth Summs, President, will meet at the regular hour, 6:30 p. m. This service will be under the auspices of group number four, Mr. Nash Walker, leader.

7:45 p. m. worship and sermon. Theme: "Symbols of Tongues, Wind, in the Descent of the Holy Ghost or the Day of Pentecost."

Sunday, "Family Day," at St. Johns A. M. E. Church, 730 P. M. "An Evening at Home," with St. John. Special musical and literary numbers. Monday night church conference.

We wish to thank friends for their kind assistance during the illness and death of our daughter and sister, Mrs. Lavinia Allen and also Rev. Howe and Rev. Young for their kind consoling words. The third Baptist Church friends for the beautiful floral offerings, and Mr. J. C. Johnson for efficient service. Mrs. Mary Estridge and family.

Mrs. Clara Newsome Nance 21, died at the home of her mother, Mrs. Emma Williams, on East Market St., Thursday morning at 9:45 o'clock. Mrs. Nance had been in failing health for the past several weeks and

had been brought to the home of her mother from her home near Wilmington, where she and her husband, William Nance, resided, a few days before her death.

Besides her mother and husband, two sisters, Mrs. Janie Winslow, and Mrs. Edna Lee, both of Xenia, survive. Mrs. Nance was a member of the Third Baptist Church, this city. Funeral services will be conducted from that church, Saturday afternoon at 1:30 o'clock, with interment at Cherry Grove.

Miss L. J. Payne, East Market St., was the guest of friends in Middletown, Friday.

Mrs. Charles Lockett, of Springfield, was in attendance at the funeral Thursday of Mrs. M. E. Hendricks.

Mr. Zacariah Williams, of Crawfordsville, Ind., died at the home of his son in law and daughter, Mr. and Mrs. William Hart, of East Church Street, Wednesday. He had been with Mrs. Hart since last September. The remains were taken to Crawfordsville, where the funeral service will be held. The family accompanied the remains there.

GARY OFFICIALS FACE SENTENCE ON BOOZE PLOT

Indianapolis, Ind., April 20.—When Mayor Roswell O. Johnson, of Gary, with fifty-four fellow townsmen, goes before Judge Ferdinand A. Geller in Federal Court to-morrow to receive a sentence for conspiracy to violate the national prohibition law he will be the third Indiana Mayor in recent years to experience the sensation.

Donn Roberts, of Terre Haute, and Dr. Rollin Bunch, of Muncie, were the other two men who stepped down from their places as first citizens of their respective cities to begin serving time in Federal penitentiaries. The cases of all three are somewhat analogous, but not entirely so.

ALL WERE GOOD MIXERS.

All were of the popular politician type, known by their friends as "good fellows" and characterized as liberal minded. The charges against

RICH BACHELOR WANTS WIFE

"Many people have blamed me for not getting married. Since childhood I have suffered from stomach and liver trouble, never being able to get any medicine or doctor to help me. Now that May's Wonderful Remedy has entirely cured me, I am anxious to get a wife." It is a simple, harmless preparation, that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Sayre and Hemphill and druggists everywhere.

Roberts and Bunch, however, were of a slightly different character and involved election contests. Johnson was convicted of "conspiracy" to violate the liquor laws.

Others to face sentence along with Johnson include the Sheriff of Lake County, William H. Olds; City Court Judge William M. Dunn; Prosecuting Attorney Dwight M. Kinder, former Sheriff Lewis E. Barzes, former Prosecuting Attorney Clyde Hunter, many prominent politicians, lawyers and a still larger list classified by the Government as "common bootleggers."

MUNICIPAL SHAKEUP

If all of those under conviction should have to serve time local government in Gary and Lake County will undergo some sudden changes. The Mayor, under the Indiana law, would be succeeded by the City Controller; the prosecuting attorney's place and that of the City Judge would be filled by appointments by the Governor, and the new sheriff would be selected by the Board of County Commissioners of Lake County.

The trial of the Gary men was one of the most sensational ever held here. Evidence showing "conspiracy" existed not only to defeat prohibition but to enrich and enhance the political power of a group of unscrupulous men was brought out. The day before the trial began Gaspare Monti, the Government's principal witness, was shot down in front of the Italian Club, in Gary. Later it was brought out that he had been a contributor of \$500 to the Johnson campaign fund under duress.

On the other hand, a man who in the future aspires to be Mayor of a city with a large foreign-born population is taking an awful risk, particularly if he expects to enforce prohibition, Mayor Johnson's friends claimed.

At any rate, the belief is growing that being Mayor of an Indiana city is fast becoming risky occupation.

The "good fellows" who do get elected don't always make the best executives, and the "hard boiled," "stiff necked" sort who might make good Mayors never get elected.

Outdoors and the skin

Don't forego the pleasure of outdoor life because the sun and wind coarsen and roughen your skin. The regular use of Resinol Soap and Ointment is almost sure to offset these effects. Resinol Soap rids the pores of dust and oil, and Resinol Ointment soothes the chapped and roughened skin.

Sold by all druggists.

Resinol

FORMER RESIDENT OF COUNTY DIES

Relatives have received word of the death of Mrs. Anna D. Baldock, formerly of Greene County, which occurred April 16, at her home, 537 Tacoma avenue, Indianapolis, Indiana from pneumonia.

Mrs. Baldock was the daughter of William Dean, who resided east of Xenia and besides her husband, W. S. Baldock, she is survived by the following brothers and sisters, W. A. Dean, of Newton Falls, Ohio, Miss Lettie E. Dean, Charles S. Dean, and Mrs. Ed. Ballard, of Xenia. A number of other relatives in Greene County also survive.

Funeral services were held Wednesday, with interment at Crown Hill Cemetery, Indianapolis.

## Chicago "Sheik" Charged With Bigamy

J. J. Snyder, "Sheik" of Chicago, has been arrested here, charged with bigamy. Two wives have already signed complaints against him, and the police assert there are eight others. His marriages usually lasted about a week and were said always to have been for money.

## BOSTON FAMILY NEEDS \$1,787.96 A YEAR TO LIVE

Boston, April 20.—It requires at least \$1,787.96 for the average Boston family to exist a year, according to estimates of leading local social workers made public by the Boston Family Welfare Society and the Department of Social Ethics at Harvard today.

This estimate is based on the standard taken for the "average family" of five persons, including husband, wife, two sons and a daughter. On this income the family can afford something more than a bare existence and the amount will provide health, decency and comfort and make possible the "maintenance of self-respect."

Itemized the list proves the following: The husband is over 40 (40 per cent wool) every three years, three nightshirts (which the wife must out last two years), one clean collar a week, the cheapest straw hat on the market if he makes it last two seasons.

The wife must make her \$25 coat and one silk shirtwaist run two winters, must be satisfied with one pair of corsets 12 months and make for the rest of the family or herself petticoats, shirtwaists, wash dresses, aprons, blouses, night clothes, garters and wash suits as well as underwear for the six-year-old boy.

Each of the boys gets a haircut once in three months, and the five members of the family can share two combs and two brushes (each to last two years), if they don't all want them at once.

The estimate allows \$360 annually for housing, the "three-decker" being the standard taken. Even this amount would not be sufficient in excessive cold winters. Under such circumstances it is expected that no attempt would be made to heat all the rooms at once.

## LETTERS TO EDITOR

The Christian people of Ohio must certainly be gratified by the action of Governor Donahue in vetoing the bill passed by the Legislature recently relating to the John Bryan farm and stamps him as a man who values the moral and spiritual above the material when he says in his veto "The high reason why we should not accept this gift is based on Morals and not Money." Let us hope that our Legislators will follow this high thinking and see the unwisdom of endeavoring to pass this bill over the Governors veto, which they plan to do, according to the papers.

As I understand it this bill was passed by the Legislature that Mr. Bryan did not mean what he wrote in his will as to the condition covering this gift viz: "that no public religious meetings should be held on the grounds," but what he meant according to him was that he did not wish any campmeetings held on the grounds. Just how this assumption is reached we do not know but perhaps Mr. Bryan was a poor speller like some of the rest of us and reminds me of a story told of a man dictating a letter to his stenographer in which he asked his man to meet him in Schenectady, and after a few moments pause, he said, tell me to meet me in "Albany." So that

## HIGH SCHOOL GIRL SEVERELY INJURED AS AUTO OVERTURNS

Cristel Thomas, 14, daughter of Mr. and Mrs. A. Delmer Thomas, of the Stone Road, is in Espey Hospital suffering from concussion of the brain and other injuries sustained when the automobile in which she was riding turned over on Home Avenue, between the Robbins and Myers plant and the O. S. and S. O. Home entrance about five o'clock Thursday evening.

Her brother, Loren Thomas, and Homer Harness (son of Mr. and Mrs. Carl Johnson, of White Chapel, who owns and was driving the car, were unhurt beyond slight bruises. Miss Thomas was taken to the hospital unconscious and regained consciousness later. Dr. Paul Espey, attending physician, believes that she will recover from the effects of the injuries.

The children attend Central High School, and go to and from school in Harness' car every day. They were on their way home when the accident happened. Harness, who was driving, lost control of the machine when the steering gear locked, and the machine skidded to the side of the road and turned over.

Miss Thomas, who is a freshman at Central High was taken immediately to the hospital. Her brother and the Harness boy were able to go home.

## Confederate Veterans Have New Leader

Mr. W. McDonald Lee has been elected Commander-in-Chief of the United Confederate Veterans, at their convention in New Orleans.

## DONAHEY MAY BREAK VETO RECORD IN OHIO

Columbus, April 19.—If Governor Donahey keeps up his average for vetoing legislative bills he will break all Ohio records. He had disapproved 22 of the 257 bills passed by the assembly yesterday and there are more vetoes coming. It was announced last night, Governor Cov announced 36 of the 419 bills passed by the eighty-third legislature, Governor Davis used the veto pen on only two bills passed by the eighty-fourth assembly.

## CLASS BANQUET OF BEAVERCREEK HIGH HELD ON THURSDAY

One of the most enjoyable occasions in the history of the Beaver Creek High School, was held at the Knights of Pythias Hall, at Alpha, Thursday night, when the annual junior-senior banquet was staged.

About sixty people, including the pupils of both classes, the faculty and the school board members attended the affair. The decorations of the lodge hall were effectively carried out with the colors of the two classes. A canopy was formed overhead of green and white, the junior class colors, while the corners of the rooms were converted into bowers of trees with imitation flowers of dogwood and red bud. The senior colors of pink and white predominated in the appointments of the tables, where green decorations with the class flower, premier roses, were used with pink and white candles in crystal holders at each place.

The officers of the two classes formed the receiving line. A four-course banquet was served by the women of the Beaver Reformed Church, the waitresses, being the girls of the Sophomore class of Beaver Creek High school dressed in white middie suits with green ties.

The program of the evening, opened with a series of toasts, the first being given by Stephen Stedman, president of the Juniors, who toasted the seniors. Edwin Brewer, president of the Seniors, responded with a toast to the Juniors. A toast "To the Teachers" was given by Miss Lillian Gilbert, the reply from the faculty being given by Fred Keeler. A vocal solo "Till for Tat" was given by Miss Celeste Hawker. A toast to the Girls' basketball team was given by Morris Moon, of the Senior Class, by Miss Gauds Farris, of the girls' team replied. The toast to the boys' team was given by Evelyn Anderson, to which James Miller responded. "To Our School Days" was the subject of a clever toast by Miss May O'Hara, of the senior class.

The following members of the faculty responded to impromptu speeches. Principal F. P. Sayrs, Miss Letitia Dillencourt, Miss Mary Wilgus, Mrs. Gene Fox, W. R. Sayrs, and Superintendent D. S. Lynn. The members of the Board of Education of the township, responding were Harry Ferguson, W. S. Shawhan, and George Hare. Several students of the two classes also gave short talks.

At the close of the program the entire company stood, joined hands, and sang "Auld Land Syne." Miss Bendine Bentz, presided at the piano during the evening.

### WAGE BOOST PLANNED.

Cincinnati, April 20.—An increase in wages of maintenance of way employees of the Big Four railroad has been decided on, it was announced by W. Newbarger, supervisor of the wage bureau of the road.

## VEHICLES MUST BE PROPERLY TAGGED SAYS POLICE CHIEF

People who have not yet obtained their vehicle or bicycle tags—People who run their automobiles with the cut-outs or mufflers open—People such as these were placed on the taboo list in a statement given out by Chief of Police M. E. Graham. The time of grace allowed drivers of horse-drawn vehicles to obtain their 1923 licenses has expired. This is also true of the time which owners should obtain bicycle tags.

Starting Friday Police are instructed to bring in all dilatory offenders who have failed to comply with the city ordinance regarding obtaining license tags for all types of horse-drawn vehicles and for bicycles. The licenses may be obtained at the office of City Auditor T. H. Zell.

With spring springing about now, motorists are getting a full of pep as a bottle of modern hip oil. In order to spread the glad tidings of having taken their automobile out of hibernation they are running wild on the streets with the mufflers open at the throats and the engines caroling a blatant lay.

The next gasoline pilot who thus lets his motor sound off on the public highway will be captured in a net and taken before Judge E. D. Smith in Municipal Court, according to Chief Graham's orders.

## Styles BY LENORE

At a recent wedding of a popular young society woman at St. Thomas in New York, the bride wore a white satin gown that was bright with embroideries of scintillating glass beads. The gown was cut practically on chemise lines, the

beading arranged in horizontal borders. There was a long court train similarly embroidered. Although there were long, tightly fitted sleeves no doubt they, as well as the train, were detachable.

Another bridal gown, one that is suggested by an exclusive Fifth Avenue dressmaker, is also built on straight lines, but there is a semi-fitted bodice with the skirt gathered closely to it under a narrow band of pearl beads. The skirt is embroidered in a simple pattern traced with pearls, and is edged with a deep scalloped border of Georgette, which is used also for the beaded sleeves. The train is long and rounded, but without embroidery except for the beads around the edge.

## IF RHEUMATIC BEGIN ON SALTS

Says We Must Keep Feet Dry, Avoid Exposure, Eat No Sweets.

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids.

Rheumatism is caused by poison toxins, called acids, which are generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this from the blood and cast it out in the urine. The pores of the skin are also means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts, put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove body waste also to stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

## DUTCH QUEEN VISITS DANISH KING

Queen Wilhelmina, of The Netherlands, is shown with King Christian, of Denmark, riding through the streets of Copenhagen during a recent visit of the Queen to that city. Note the striking resemblance to the Queen Victoria of Great Britain.

Luncheon  
Bacon Sandwiches of Wholewheat Bread  
Lettuce Salad  
Tea  
Dinner  
Hamburg Steak Balls  
Casserole Stuffed Potatoes  
Spinach  
Orange Salad  
Coffee

After the Spring housekeeping every woman has the urge to buy, at least one or two new things to add the last touch of effectiveness to her clean home. Frequently the new thing she desires is a chair, or some other piece of furniture. But before she buys it she should ask herself whether an old piece would not do if it were refinished; or if she would not be just as well satisfied with a piece from a "second hand" store done over?

The refinishing of wood surfaces is not hard. This is how to go about graining and revarnishing old furniture, window "trim," or doors:—Sandpaper the old finish to make it smooth. It need not all be removed, so long as it is smooth. Then apply a coat of yellowish ground paint. Let dry.

The next step is "graining." This is done by applying a brownish graining preparation (covering only a few feet at a time) and running a quarter-round graining tool over this graining preparation while it is wet. The result will be wavy figures such as are seen in hard wood.

After you have grained the entire piece of wood, and let dry, a coat of varnish is put on, over the graining. The paint store which sold you the ground paint, graining preparation and graining tool, will also sell you the proper kind of varnish for woodwork and furniture—a thicker varnish than is used on floors. This is necessary, for a heavy varnish brings out the figure of the grain so well.

In varnishing woodwork a softer brush is needed than in varnishing floors. A woodwork brush has bristles which are not as stiff and heavy as a floor brush. For instance, a fitch or Russian ox brush will be found excellent for applying varnish to woodwork or furniture.

And now I want to say one last word to the housekeeper who takes her first step in refinishing wood: Be fearless! You can do as good a job as anybody if you will merely practise for a day on a surface that does not show (as a baseboard behind a large piece of furniture). My first piece of graining work was the top of a table—and my friends thought I had bought a new piece of furniture!

Tomorrow—Some Good Contributed Recipes

## CARS DAMAGED

No one was injured when a Hudson touring car, belonging to George Kimbro, 527 East Church Street, assistant manager of the Rosenwald Club, was struck by another machine, on East Main Street, near Trinity Church, Thursday morning. Both cars were slightly damaged. The name of the owner and driver of the other car could not be learned.

## A PURITAN WIFE

By Jane Phelps

### CHAPTER LXIV

Morning was breaking. "For goodness sake, Ann, why aren't you in bed?" Dick's voice was cheery. "I expected to find you sound asleep." All his grouches were gone. Ann's attempt to break up his further intimacy with Grace had been a failure. His changed mood was probably due to his having enjoyed himself with Grace, and forgotten his wife entirely.

He evidently thought the incident closed, but Ann was still smarting under the chagrin of his refusal to do as she wished and said: "Don't you think you might have shown me more consideration tonight, Dick?"

"Now, don't begin to nag, Ann! Grace said I'd get the devil when I got home, just because she wanted to come with us instead of Ned. What's got into you anyway, Ann? Can't you see a man doesn't want to be made a fool of, tied to his wife's apron strings? For heaven's sake, take that abused look off your face, and go to bed. If Grace can overlook your rudeness, you've no kick coming."

"Oh, Grace—Grace—Grace—I'm tired of her name! Dick tell me what is it all leading to? How will it end? You are so changed, Dick, so different when she is here. She makes you forget you are married, that I am your wife, Jack your son, I'm afraid for you Dick—afraid for our home—for Jack. Give Grace up, Dick, don't let her dominate you any longer. It is hard to have to plead with you—"

"No—I'm going with Dicky," she replied a stubborn look on her face. Opposition only made her the more determined, as it always did.

"Come on then, hop in," Dick said, yet his eyes were uneasy as they rested on Ann. Would she make a scene? Once or twice she had compelled Grace to yield to her—that time she sent her away when he was in bed with a broken leg she had been very determined.

Grace with a laugh started for the car. "I asked you to go home with Ned, Grace. I meant it," Ann said very quietly.

But now she had also antagonized Dick. He leaned over, took Grace's hand, and swung her into the seat beside him.

Without a word to them, Ann turned to Ned: "Will you take me home Ned?" "Of course!" he replied, yet not quite understanding why Ann should suddenly make such a stand.

"That's right," Grace called. "Two's company, eh Dick?" If Dick replied to her sally no one heard for he started the car at once. Ann never spoke all the way home. Bessie laid her hand over hers in sympathy, but Ann shook it off. She sat up very straight, staring before her.

"Good-night, and thank you, Ned," Ann said when she reached home then hurried into the house. Had she been foolish, made another mistake she wondered as she sat down and waited. Would Dick be too angry to see she was justified in what she had done?

She had been home an hour when she heard the chug-chug of the car. Tomorrow—Ann Appeals to Grace. BRAKEMAN KILLED.

Columbus, April 20.—Richard H. Duhl, 23, of this city, freight brakeman, was instantly killed at Piqua, O., when he fell under the wheels of a cut of boxcars, his body being severed at the hips.

## What's the use of a coat of arms without the Pants?

Some stores are afraid to advertise extra trousers because they think it will hurt their suit business.

BOSH—anything that is good for the customer makes friends for the store.

We stock Pants to match the old coat and vest you have hanging in the closet and to take the place of the ones you are wearing and fearing today.

Try us—you'll like our pants so well that later you'll be coming here for the whole suit!

All materials—Cheviots, Worsteds, Blue Serges—and lots of Work Pants.

## AIRPLANES ARE STILL SEEKING TO LAND FOOD

Continued From Page One

their allegedly perilous journey on a cake of ice.

Grand Rapids, Mich., April 20.—With one airplane speeding toward South Fox Island with provisions aboard for the relief of nine men and two women who have been facing starvation for several days, another planning to depart from here this morning, there was strong possibility that the isolated party would be snatched back from their rendezvous with death within the next twelve hours.

An airplane, fully equipped with provisions, left Checkerboard Field, Chicago, late yesterday, headed for the island. However, the plane was forced to descend here on account of darkness.

Due to the failure of Lieutenant Ennis Whitehead, to reach the island yesterday in his army plane, another plane piloted by Lieutenant Russell Meredith was to leave Detroit today with relief for the stricken party.

### WOUND MAY PROVE FATAL.

Columbus, April 20.—James Scott, 23, of Peru, Ind., who was shot through the lung by Asa Davis, aged 82 of this city, is in a critical condition at Mercy hospital and little hope is held for his recovery. Davis is held for investigation and will be so detained until a change in Scott's condition.
